Lockley, Juvenile Justice Specialist I <u>toni.lockley1@ncdps.gov</u> The Governor's Crime Commission staff is committed to providing high quality, efficient, and effective subrecipient customer service through guidance, support services, collaboration, compliance, and technical expertise during the life of the grant. Our success relies upon the success of our grantees in providing services to communities across the state and in complying with all federal, state, and GCC guidelines. We are here to help you!

For more information about the grant process, grant forms, the online grant management system, or other resources, visit GCC online at <u>Governor's Crime Commission | NC DPS</u>.

Scoring Process

All grant applications are <u>competitive</u>. Applications will be scored and reviewed by the Juvenile Justice Planning Committee. **Not everyone who applies will be awarded a grant.** The Committee will consider geography, regional diversity, economic need, and prior GCC grant funding. Direct awards provided by federal agencies will also be considered.

As a part of the Governor's Crime Commission, the Juvenile Justice Planning Committee serves in an advisory capacity to the Governor and to the Secretary of the Department of Public Safety. The Committee is comprised of GCC Commissioners and other juvenile justice experts.

The Committee will strive to make decisions that are equitable and fair. It will strive to look at national and state priorities as well as ever changing needs in criminal justice. It will debate, discuss, and decide what it believes is the best for the entire state of North Carolina given the current funding and applications.

Unallowable Uses

Federal awards generally provide recipients and/or subrecipients with the funds necessary to cover costs associated with the award program. There are other costs, categorized as unallowable costs, that will not be reimbursed. Subrecipients must not use award or match funding for unallowable costs. Standard unallowable costs are identified in 2 C.F.R. § 200, Subpart E - Cost Principles.

The following services, activities, and costs, although not exhaustive, cannot be supported with grant funds at the subrecipient level:

- Lobbying/advocacy with respect to legislation or administrative changes to regulations or administrative policy;
- Audit costs (except as an allocable percentage of mandatory audits);
- Fundraising activities;
- Capital expenses, including capital improvements; property losses and expenses; real estate purchases; mortgage payments; and construction;
- Bonuses, commissions, tips, stipends, and honoraria;
- Trinkets (items such as hats, mugs, portfolios, t-shirts, coins, gift bags, etc., regardless of whether they include the conference name or OJP/DOJ logo) must not be purchased with DOJ funds as giveaways for conferences. Basic supplies that are necessary for use during the conference (e.g., folders, name tags) may be purchased.
- Additional inappropriate costs may be identified and considered by the GCC as unallowable.

Funding Authority

The Juvenile Justice Planning Committee (JJPC) focuses on providing resources and programs through two Federal funding sources: (1) the Title II Formula Grant from the Office for Juvenile Justice and Delinquency Prevention (OJJDP) of the U.S. Department of Justice, and (2) the Children's Justice Act Grant from the Administration for Children & Families (ACF) of the U.S. Department of Health and Human Services.

All awards are contingent upon the N.C. Governor's Crime Commission receiving the specified grant funds from the federal funder at the expected level and are subject to any modifications or additional requirements that may be imposed by law. There is no guarantee that funds will be available in the future.

Agencies must comply with all applicable provisions of the Federal Program Guidelines and the requirements of the US Department of Justice (DOJ) Grants Financial Guide. The 2022 DOJ Grants Financial Guide is available online at: https://ojp.gov/

All funding awarded by the JJPC is considered through a competitive process. Project start and end dates in your application <u>must</u> align with the award period unless otherwise instructed.

Compliance with State Criteria

Agencies must abide by any additional eligibility or service criteria as established by the North Carolina Governor's Crime Commission including submitting statistical and programmatic information on the use and impact of grant funds, as requested by the GCC.

Prohibited Discrimination

Applicants must assure and certify compliance with all civil rights nondiscrimination requirements, including those prohibiting unlawful discrimination.

Maintenance of Confidentiality

Except as authorized by law, program records containing the identity of individual juveniles must not be disclosed without the consent of the service recipient or legally authorized representative. Under no circumstances may program reports or findings available for public dissemination contain the actual names of individual service recipients.

This does not prohibit compliance with legally mandated reporting of abuse or neglect.

Information Sharing

GCC and its subrecipients may share the following information:

- Non-personally identifying data in the aggregate regarding services to their clients and non-personally identifying demographic information in order to comply with reporting, monitoring, evaluation, or data collection requirements;
- Court-generated information and law-enforcement-generated information contained in secure governmental registries for protection order enforcement purposes; and
- Law enforcement- and prosecution-generated information necessary for law enforcement and prosecution purposes.

Community Coordination

Applications should illustrate coordinated public and private efforts, which may include: written agreements/memoranda of understanding, work groups to oversee and recommend improvements to community responses, and the development of protocols for such responses.

GCC supports the development of comprehensive projects that include collaborative partnerships with multiple agencies (e.g., human service agencies, court and criminal justice agencies, universities, etc.). The project narrative for the application should summarize the multidisciplinary nature of the project. These comprehensive projects **<u>must</u>** have Memoranda of Understanding between all agencies involved uploaded as a supporting document.

PROGRAM PRIORITIES 2023

Below are the priority areas for OJJDP Title II funding administered by the GCC. All funding priorities are of equal importance, regardless of their listed order. If you have questions about which funding priority may be appropriate for your application, please contact a member of the Juvenile Justice Planning Team.

Application Submission Limit

Agencies may submit multiple applications for funding; however, only one application per program priority will be accepted. Agencies must note in their application if funding is being requested in a priority area for which they have a current open grant.

<u>Growth</u>

Requests for increased project funding for continuation projects should detail additional project activities that reasonably correlate with the funding amount requested. As funding is both competitive and limited, agencies requesting funding for continuation projects are discouraged from excessive project growth. All grant application budgets are reviewed and assessed for allowable and reasonable costs.

Community Violence Intervention Programs		
Funding Cap	\$ 200,000	
Length of Award	Two years with possible renewal.	

The Governor's Crime Commission acknowledges violence as a public health issue impacting communities across the State of North Carolina. Research shows that exposure to firearm violence—including as a victim or witness—makes it twice as likely an adolescent will commit a violent act within two years. There are proven community violence intervention (CVI) strategies for reducing community violence through tools other than incarceration.

The CVI Program priority is designed to address multiple forms of violence impacting adolescents and young adults, particularly in communities with high rates of violence. Examples of the types of programs appropriate for consideration under the CVI Program priority may include, and are not limited to, the following:

 Community-based alternatives to incarceration for status offenders and other youth who need temporary placement, crisis intervention, shelter, and aftercare;

- Counseling, training, and mentoring programs which may be in support of academic tutoring, vocational and technical training, and drug and violence prevention counseling;
- Positive youth development programs for delinquent and other at-risk youth who are exposed to violence;
- Programs and initiatives to focus on prevention of juvenile gang activity, with specific interest in evidence-based programs to reduce gang recruitment in communities and schools;
- Community-based re-entry programs that aim to reduce youth offender recidivism and successfully reintegrate an offender back into the community;
- Street outreach, violence interrupters, and hospital-based violence intervention services; and
- Programs that address the needs of justice involved or at-risk youth who are survivors of commercial sexual exploitation and/or domestic sex trafficking.

In addition, applications should address risk factors such as social determinants of health (e.g., concentrated poverty, limited educational/employment opportunities) and racial inequity (e.g., structural, systemic, and institutional racism). Proposals considered under this funding priority should demonstrate a strong understanding of public health approaches to violence prevention.

The GCC encourages multi-sector, collaborative approaches to CVI programming in this priority.

Racial and Ethnic Disparities (R/ED) - **REVISED**

Funding Cap	\$200,000
Length of Award	Two years with possible renewal.

Background

Students of color are more likely to be disciplined, suspended, and expelled from school as compared to their white counterparts for the same behaviors. Both national and local evidence suggests that racial and ethnic disparities cannot be explained by individual-level actions by youth, law enforcement, attorneys, judges, etc. but we must also examine systemic/structural-level factors. As compared to white youth with the same offenses, youth of color are less likely to be diverted, more likely to be held in secure detention, and are overrepresented at key points throughout the juvenile justice system, as described in the <u>2019 NC DMC Assessment Study</u>.

Purpose/Goal

To reduce the overrepresentation of youth of color in North Carolina's juvenile justice system.

The Governor's Crime Commission (GCC) acknowledges racism as a significant issue impacting communities across the State of North Carolina. Thus, the GCC supports efforts to reduce Racial and Ethnic Disparities (RED) in the juvenile justice system, through grant funding for initiatives that address disparate outcomes for Black, Indigenous, and other children of color in/or at risk of involvement with the juvenile justice system.

Applicants for funding from the RED program priority should:

- Describe the youth population they serve in terms of race and ethnicity
- Explain how their project aims to reduce disparities and/or promote racial equity for youth in their communities most notably those at risk for juvenile justice involvement and/or already justice-involved
- Describe the program's potential impact to determine how it affected youth outcomes (by race/ethnicity)

Proposals considered under this funding priority should demonstrate a strong understanding of approaches that address racial inequity both at the individual, as well as systemic levels (e.g., structural, systemic, and institutional racism).

Examples include:

- Programs that protect the rights of juveniles can raise youth and community member awareness regarding juvenile rights as well as advocate for juvenile rights to be expanded (specifically for marginalized youth).
- Programs for at-risk girls of color, including Native American girls

School Justice Partnerships		
Funding Cap	\$200,000	
Length of Award	Two years with possible renewal.	

The Juvenile Justice Reinvestment Act (S.L. 2017-57), aka "Raise the Age," requires the creation of School Justice Partnerships across North Carolina. The Governor's Crime Commission will prioritize grant requests that create safer school environments by creating more effective alternatives to suspension or the filing of juvenile petitions for minor discipline problems. These practices have been shown to do more harm than good at changing student behavior. Effective alternatives such as Teen Court, crisis and assessment services, academic coaches, school-based community service and restitution, and restorative justice practices could be funded under this priority. In addition, local communities who need support to coordinate the planning process associated with the school justice partnership could be funded under this priority.

Juvenile Justice – Discretionary Priority

Federal Funding Maximum	\$100,000
Length of Award	Two years with possible renewal.

Proposals will be considered for new and innovative programs for at-risk and justiceinvolved juveniles that are allowable under the Juvenile Justice and Delinquency Prevention Act, as amended by the Juvenile Justice Reform Act of 2018. The GCC is especially interested in programs for historically underserved communities, rural areas, LGBQ/GNCT (lesbian, gay, bisexual, questioning/gender nonconforming, transgender) youth, and for girls in or at-risk of entering the juvenile system, including pregnant girls, young mothers, survivors of commercial sexual exploitation or domestic sex trafficking, girls with disabilities, and girls of color, including girls who are members of a Native American tribe.

Proposals should include a plan of action and a statement of collaboration to provide services to youth.

Budget Clarification *NEW*

Regardless of funding priority, applicants for Title II/juvenile justice funding are required to address at least one federally required program area. Upon completion of the project budget in GEMS, you will be required to assign a dollar amount to the area(s) that your project will address.

- Community-based alternatives to incarceration
- Community-based programs and services
- Comprehensive programs through multisystem collaboration
- Treatment to juvenile offenders who are victims of child abuse or neglect
- □ Programs for at-risk/delinquent youth
- Programs to expand use of probation officers
- Programs for nonviolent juvenile offenders to remain home as an alternative to incarceration and to ensure the terms of probation are followed
- Counseling, training, and mentoring
- Programs for learning disabled juveniles
- Deterrence from gangs
- □ Treatment of drug/alcohol dependence

- Positive youth development programs from delinquent/at-risk youth
- Legal representation for youth programs
- Community-based programs during/after incarceration
- □ LEP programs for delinquent juveniles
- Hate crimes
- □ After-school programs
- Post-placement/reintegration services for adjudicated juveniles
- Protecting the rights of juveniles
- Mental health/co-occurring disorder services for court-involved or incarcerated juveniles
- Assistance with sealing/expunging juvenile records
- At-risk girls (pregnant, survivors of trafficking, girls with disabilities, girls of color, etc.)

APPLICATION INSTRUCTIONS

UEI Number *NEW*

On April 4, 2022, the unique entity identifier (UEI) used across the federal government changed from the DUNS Number to the Unique Entity ID (generated by SAM.gov). The Unique Entity ID is a 12-character alphanumeric ID assigned to an entity by SAM.gov. As part of this transition, the DUNS Number has been removed from SAM.gov. Entity registration, searching, and data entry in SAM.gov now require use of the new Unique Entity ID.

Existing registered entities can find their Unique Entity ID by logging in to SAM.gov. In your Workspace, select the entity title of the "Entities" widget. The UEI is shown beside the entities. New entities can get their UEI at SAM.gov and, if required, complete an entity registration.

Please note that the GCC staff cannot assist you with UEI issues as this system is federally managed.

Grants Enterprise Management System (GEMS) and NCID

Applications must be submitted via the GCC's web-based grant management system GEMS (Grant Enterprise Management System). Applicants must first obtain an NCID username and password to access this online system. To obtain your NCID username and password, you must register at: <u>https://ncid.nc.gov/</u> If you have issues with obtaining your NCID or utilizing an existing NCID account, contact the ITS Service Desk 24-hours a day at (919) 754-6000 or toll free at 1-800-722-3946. Please note that the GCC staff cannot assist you with NCID access issues. NOTE: NCIDs cannot be shared among users. Each user must have their own unique NCID and password. All users must adhere to the NCID Acceptable Use Policy. Violation of the policy could result in disciplinary action, termination, loss of information resources, and criminal prosecution.

Applicants can access GEMS at: <u>https://gems.ncdps.gov</u>

Organization Roles/Responsibilities in GEMS

Each application is required to have the following users assigned with established individual NCID accounts. Each user must review and approve the application in order to submit the application to GCC in GEMS. The application must be fully reviewed and submitted in GEMS by January 31, 2023 at 11:59 p.m. User roles are explained in the following table.

Organization Role	Requirement
 Organization Administrator Approves all requests for organization roles (AO, FO, PD) Approves/denies access to project applications and open projects Deactivates access/roles Submits SAM updates to GCC via GEMS Uploads Organization Documents 	Stable agency personnel, such as an internal Grant Manager or supervisor of project activities who can appoint the other roles as they rotate on boards, get hired, get appointed or get elected etc.
 Authorizing Official (AO) Signatory to grant award Chief point of oversight for project 	Nonprofits: Board Chair ** Must not be an employee of the agency State Government: Department Secretary Local Government: City, Town, or County Manager Law Enforcement Agencies: City, Town or County Manager
 Financial Officer (FO) Provides financial oversight to project Ensures compliance with both agency and federal financial policies and procedures 	Nonprofits: Board Treasurer ** Must not be an employee of the agency State Government: Chief Financial Officer or Division Finance Officer Local Government: Finance Director Law Enforcement: Agency Finance Director
 Project Director (PD) Signatory to grant award Responsible for execution of project Primary point of contact with GCC 	 Nonprofits: Executive Director or appointed project staff responsible for overseeing the work of the project State Government: Designee responsible for overseeing the work of the project Local Government: Designee project leader responsible for overseeing project work Law Enforcement: Designee project leader responsible for overseeing project work

BOARD CHAIR AS THE AUTHORIZING OFFICIAL

The Board Chair must be listed as the Authorizing Official for all non-profit/nongovernmental organizations. In certain cases (e.g., nationally or internationally based organizations), a North Carolina-based executive may fill this position, but GCC prior approval is required for this change.

SETTING UP ORGANIZATION ROLES

The request for an organization role must come from the NCID of the person requesting the role. The Project Director or Project Editor cannot make a request on behalf of another user. New contacts can request an NCID at <u>https://ncid.nc.gov</u>. For any technical issues with NCID, contact the ITS Service Desk (24 hours) at 919-754-6000 or toll free at 1-800-722-3946. Once completed:

- 1) Log into GEMS at <u>http://gems.ncdps.gov</u> using the NCID and password provided.
- 2) On the My Profile page, select your organization from the dropdown menu and enter your contact information, including position within the agency. If your agency has not applied for funding before, click on + ORGANIZATION and enter your agency's contact and organizational information.
- 3) Once the organization has been selected or entered in the GEMS system, click the **Request Organization Roles** link. You will then select the requested role and provide a brief justification for the request in the text box, then click **Submit Request**. The agency's Organization Administrator must review and approve the request.
- 4) Once approved, click the **Request Project Access** link. Then select a project from the drop-down list, write a justification, and click submit. The agency's Organization Administrator must review and approve the request. Once approved, you will be able to access the project to review and approve items as needed.

Traffic Stop Data Required

N.C.G.S. 143B-903 requires that certain law enforcement agencies report traffic stops within 60 (sixty) days to the SBI. The SBI publishes the list of required agencies each year on the SBI website on the SBI Traffic Reporting page by clicking on the List of Agencies Required to Report. Any agency that is required to submit traffic stops and does not "shall be ineligible to receive any law enforcement grants available by or through the State" G.S. 143B-903(e).

Modifications

The GCC may request modifications after the application is submitted.

Pursuant to administrative code 14B NCAC 05B .0203, applicants shall submit the grant compliance and modification information within 30 days of receipt of award notice. An applicant may request an extension of no more than 60 days to submit the required information. An applicant who does not provide the required information shall be ineligible for grant funding. For the purposes of this Rule, grant compliance and modification

information includes the following:

- 1) a list of grant conditions that were agreed to by the Authorizing Official of the applicant;
- 2) a certification of non-supplanting;
- 3) a certification of filing of an equal employment opportunity program;
- 4) a memorandum of agreement or contract with any cooperating government agencies;
- 5) an original signature of the applicant's Authorizing Official, implementing Project Director, and Financial Officer; and
- 6) a signed agreement to submit to an annual fiscal audit or financial review of the program (as required by funding threshold).

Ordering Delays

Supply chain issues are common. Funds for purchased items must be obligated by the end of the grant period of performance. Items must also be <u>received</u> by the end of the grant period of performance. You may submit reimbursement requests for expenses occurring during your period of performance up to 60 days after your project ends.

Negotiated Indirect Cost Rate Agreement (NICRA)

Applicants that intend to charge indirect costs through the use of a federally negotiated indirect cost rate must have a current, signed, federally negotiated indirect cost rate agreement (NICRA). Other applicants may elect to charge a *de minimis* rate of 10% of modified total direct costs (MTDC), which the agency will then use for all applications for federal funding, indefinitely or until a federally - approved rate has been negotiated.

Documentation supporting the agency's use of an indirect cost rate is required.

Since utilizing an indirect cost rate occurs at the organization level, the Financial Officer is responsible for the verification of an organization's indirect cost rate (de minimis or federally negotiated rate). If an organization is utilizing an indirect cost rate, the required support documentation must be uploaded to GEMS by the Financial Officer.

De Minimis Indirect Cost Rate

Some subrecipients have the option of using a *de minimis* indirect cost rate set by law. The *de minimis* rate is 10% of "modified total direct costs" (MTDC).

- The MTDC base includes salary and wages, fringe benefits, materials and supplies, services, travel, and the first \$25,000 of each contract.
- Excluded from the MTDC calculation is equipment, capital expenditures, charges for patient care, tuition remission, rental costs, scholarships, and the portion of any contracts in excess of \$25,000.

This *de minimis* rate is available without the need to negotiate with the cognizant federal agency for indirect costs. The *de minimis* rate is an option only for subrecipients that do not have an approved federally-negotiated indirect cost rate.

When the *de minimis* rate is used, costs must be consistently charged as either indirect or direct costs. Double-charging is not permitted.

If you elect to use *de minimis*, it must be applied consistently across all your agency's federally funded projects until your agency receives a federally Negotiated Indirect Cost Rate Agreement (NICRA).

If you elect to use de minimis in your projects, you must submit and upload a certification to each of your project applications. The De Minimis Certification Form can be found at the Grant Forms section of our website: <u>https://www.ncdps.gov/gcc</u>

Reimbursement Requests

You may submit your final reimbursement request for expenses occurring during your period of performance up to 60 days after your project ends.

Donated Office Space

The Governor's Crime Commission requires a written valuation of the space, as well as a floor plan detailing the space usage as an upload to the application documents. If there is a lease or rental agreement associated with the entity donating this space, it should also be attached as an upload to your grant application.

Contracts and Consultants

Agencies may concurrently receive Federal awards as a recipient, a subrecipient, and a contractor, depending on the substance of its agreements with federal-awarding agencies and pass-through entities.

Contract means, for the purpose of Federal financial assistance, a legal instrument by which a recipient or subrecipient purchases property or provides services needed to carry out the project or program under a Federal award.

All contracts in the grant must be uploaded as attachments to the grant and must be approved by the assigned GCC Grant Administrator for the project after opening, but prior to being enacted. If an agency already has an executed contract from a previously funded grant award, a copy of the contract should be uploaded as a project-specific attachment. Contracts included with application or modification documents <u>are not approved</u>. Contracts must be approved by the awardee's assigned GCC Grant Administrator <u>BEFORE</u> obligations can be made.

If program activities are delegated to another entity that delegation will generally be considered a subaward and is not allowed.

Please note that the approval of the grant award by the Commission does not constitute the approval of a specific sub-award or contract. For additional information on this topic, please refer to 2 C.F.R. § 200.331, subrecipient and contractor determination.

Supplanting

Supplanting, consistent with the DOJ Grants Financial Guide, is the deliberate reduction of State, local, or tribal government funds otherwise available, specifically because federal funds are available (or expected to be available) to fund the same activity.

Federal funds may be used to <u>supplement</u> existing State and local government funds for program activities and must not <u>supplant</u> (replace) funds that have been appropriated for the same purpose. To avoid potential supplanting issues, the below guidelines should be followed:

- Federal funds cannot be used to pay for existing employees unless the existing position is "back-filled" with a new hire.
- Federal funds cannot be used to pay for items or costs that the award recipient is already obligated to pay with State, local, or tribal funds.
- State, local, or tribal funds previously appropriated, allocated, or budgeted for award purposes cannot be reduced or reallocated to other purposes because of the receipt of federal funds.
- Agencies must maintain documentation demonstrating that any reductions in non-Federal resources budgeted for award purposes is unrelated to the receipt or expected receipt of federal funds.

Executive Director Funding

Executive Directors cannot be 100% funded through subawards. Executive Directors have responsibilities that do not include or directly support grant allowable activities (for example, fundraising, donor retention, board meetings, and executive administrative functions). Personnel costs for Executive Directors to provide direct services, grant-funded staff supervision, and supporting grant activities are allowable costs.

Participant Support Costs

OJJDP requires **prior approval** for certain activities, such as transporting minors and juveniles attending any programs or conferences outside of the funded project. This qualifies as a participant support cost.

Participant support costs are direct costs for items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants

or trainees (but not employees) in connection with meetings, conferences, symposia, or training projects.

If requested in your grant application, please provide a justification on agency letterhead detailing:

- 1. What amount of funding will be allocated to the request?
- 2. How will this activity be executed?
- 3. Provide a list of vendors/contractors/events that this request will support.

Publication Assurance

Subrecipients publicizing project activities and results must follow applicable conditions on their awards, including those related to required publication disclaimers.

All publication and distribution agreements with a publisher must include provisions giving the Federal Government a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use and to authorize others to use the publication for Federal Government purposes.

For each publication that results from DOJ grant-supported activities, subrecipients must include an acknowledgment of grant support. In addition, upload of a signed assurance regarding acknowledgment of Federal funding is required in GEMS.

APPLICATION DOCUMENTS

Applicants are required to upload supporting documents to GEMS in order to receive funding consideration. These documents are required at the time of submission. Failure to comply (i.e., failure to upload all of the required attachments and budget information) could impact your application's ability to continue through the review process.

Required forms and templates referenced below are found on the forms section of our website: <u>Grant Forms | NC DPS</u>.

Organization Documents Information

The Organization Documents section in GEMS allows for upload of certain documents at the subrecipient level. These documents will be applied to all grant projects submitted by the subrecipient organization thereby reducing the number of attachments that have to be uploaded to every project.

The Organization Documents tab appears under the "My Profile" menu in GEMS. A list of documents will populate based on your business type. Agencies applying for grant funding must upload all documents listed as **Application Documents**. If an organization-level document does not apply to your agency, you <u>must</u> upload a statement on agency letterhead in its place.

If Application Documents at the organization level have been uploaded and approved for your organization, you are not required to replace the documents unless expired.

Required Organization Documents

When uploading required Organization Documents, the "File Name" should reflect the Document Type.

- □ 501(c)(3) Verification (non-profit agencies)
- □ Board of Directors List (non-profit agencies)
- Conflict of Interest Policy
- Data Breach Policy
- UEI Number
- □ Indirect Costs Certification, Federally Negotiated/De Minimis
- □ IRS Form 990 (non-profit agencies) (must be the most recent fiscal year's form)
- Overtime Policy
- □ Procurement/Purchasing Policy
- Record Retention Policy
- □ SAM.gov Registration
- □ Travel Policy
- Unlawful Discrimination Policy
- Whistleblower Policy

Note that there will be additional documents required at the Organization and/or Project level once an application is approved for funding. These are listed under **Supplemental Documents** and are only required once funding is approved.

Required Project-Specific Documents

Additional documents that are project-specific are also required at the time of application. These documents should be uploaded by the individual completing the application for grant funding. If a project-specific attachment does not apply to your agency, you must upload a statement on agency letterhead in its place.

When uploading these documents, the File Name should indicate the attachment number detailed below (ex: Attachment 01) and the Description should indicate the content (ex: Document Name).

Attachment	Document Name	Description
Attachment 01	Summary of Direct and Contracted GCC funds	This is required of organizations with multiple GCC grants and/or applications for grant funding.
		Please include all current and project funding.
		A template is available on the GCC website.
Attachment 02	MOU/MOA with (agency name)	Current, written agreement(s) demonstrating community partnerships.
		If there are multiple agreements, please number your attachments as follows: "Attachment 02A", "Attachment 02B", etc.
		A sample MOU is available on the GCC website.
Attachment 03	Sample Contract with (agency name)	Sample contracts for project-related services.
		If there are multiple contracts, please number your attachments as follows: "Attachment 03A", "Attachment 03B", etc.
		A sample contract is available on the GCC website.
Attachment 04	Staffing Allocations	This is required of organizations with multiple GCC grants and/or applications for grant funding.
		Project staff allocations across all GCC funded (current and projected) projects.
		A template is available on the GCC website.

Attachment 05	Detailed Supply Listing	A detailed supply listing.
Attachment 06	Equipment/Rental Lease	This is required if costs for rent are budgeted for reimbursement. Agency's current equipment lease and/or rental space agreement with floor plan.

SAMPLE SCREENS FROM GEMS: GCC GRANT APPLICATIONS

From the GCC website, there is a link to GEMS.

GEMS Home Screen

This is the home screen that is presented to a user once they log into GEMS <u>and are</u> <u>associated with an Organization</u>.

Current Projects (Applications and Open Projects) and Archived Projects (Closed or Not Funded) are visible and can be selected by clicking on the Project ID Number.

The green + **Project** button in the top right-hand corner starts a Project new Application.

Project Setup

Project Name and **Project Summary** are required – info in RFA on how to complete. Once Committee is selected, Open Priorities are displayed, and applicant selects one Priority per Application.

Project Editor, Financial Officer, and Authorizing Official are selected from all <u>Organization Contact</u> in GEMS using the drop-downs.

This application example is using the "2022 VOCA Underserved Crime Victims" Priority.

Project Setup

Note that the left-hand menu appears at this point.

Applicant is prompted to provide **Project Continuation** information on this screen.

Project Overview

The applicant can now start working through the items on the left-hand menu. Starting at the top, Project Overview shows all items that must be completed prior to submission (warning messages), gives the Applicant the ability to **Print** or **Cancel** the Project.

Implementing Agency

The Project's Implementing Agency can be selected from the drop-down of existing Implementing Agencies for that Organization, or the green **+Implementing Agency** button is used to create a new one. Details of the selected Implementing Agency are displayed.

Documents related to the entire organization, that cover multiple Projects are stored in the Organization Document Locker, in the Profile section of GEMS.

Application Submission Instructions

As Applicants build their Application, the Project Overview Page updates with what remains to be completed before the Application can be submitted to GCC. Once that warning message box is clear of items, the Application is ready for submission.

The Application must be reviewed and approved by all three officials, **<u>before</u>** it can be submitted to GCC. The approval flow is as follows:

- The Project Director Submits to the Financial Officer for review
- The Financial Officer approves and submits to the Authorizing Official for review
- The Authorizing Official approves and returns to the Project Director for submission
- The Project Director approves and submits the Application to GCC

The GEMS system sends emails to each official as the Application flows through the review and approval process.

Once the Application has been submitted to GCC, no adjustments or updates can be made. During Application review, GCC staff may open the Application back up and allow for adjustments or additions of specific information to the Application.
