ATTORNEY'S REPORT

ALARM SYSTEMS LICENSING BOARD
Raleigh, North Carolina
November 16, 2023

I. CONSENT AGREEMENTS & CIVIL PENALTIES

On September 21, 2023, Lee Johnson and Brooks Network Services entered into a Consent Agreement in the amount of \$204.00 for registration violations. Payment has been received. (PAID IN FULL)

II. OFFICE OF ADMINISTRATIVE HEARINGS

See, Hearings List (attachment 1.)

III. PENDING LITIGATION

After numerous attempts to resolve a licensure issue informally, the Board instructed me at its February 2023 meeting to file a Complaint for Injunctive Relief against Flock Group, Inc. d/b/a Flock Safety for unlicensed activity. It was filed on March 3, 2023.

On the Friday before the Monday April 10th hearing on my Motion for Temporary Restraining Order the attorney for Flock Safety assured me his client would consent to the TRO. Based on those assurances I advised the presiding Judge that a consent order was forthcoming and the matter was continued. Thereafter, Flock Safety refused to sign the Consent Order for TRO, which its attorney drafted(!) and I agreed to.

Defendant Flock Group filed its Answer on May 2, 2023.

Thereupon representatives of Flock Group Inc., its in-house legal counsel and its North Carolina attorney, met in Closed Session with the Board at its May meeting and presumed resolved the issue of licensure through a Consent Order, however Flock Safety refused to sign the Consent Order and has blatantly failed to abide by the hand written version of the agreement signed at the Board's May meeting.

It also failed to meet the agreed application deadline and by every indicator had -- and has -- no intention of completing the application process as agreed.

At its September 21, 2023 meeting, following a Closed Session, the Board voted to withdraw the offer of settlement.

Having learned through media reports and other sources that Flock Safety had recently signed at least two more contracts for installations I recalendared the Motion for Temporary Restraining Order, which was granted.

On October 30, 2023 a Wake County Superior Court Judge granted a partial Preliminary Injunction barring Flock Safety from any further installations or servicing of its camera systems.

IV. ADMINISTRATIVE RULES

a. At its May meeting the Board requested I prepare a draft of an amendment to 14B NCAC 17. 0202(2) to provide flexibility for approved Level I courses and to 14B NCAC 17 .0502 to allow one (1) hour of CE credit for attending a Board meeting virtually. Those proposed amendments were approved at the Board's July meeting. The Notice of Text was filed on July 28, 2023, and the public hearing was September 19, 2023 at the Board's office. The Public Comment Period expired October 31, 2023. There were no comments, written or oral. A copy of these rule amendments is attached as Attachment 2. A vote to approve is in order for today.

b. The Periodic Review of Rules is a statutorily mandated review of all State agencies' rules so as to remove any "unnecessary" rules. The Board's last review was effective June 1, 2020. The schedule for the next round of reviews was announced on July 1st. The Board's review is scheduled for May 2027.

V. LEGISLATION

a. The Board's bill, the "Alarm Systems Licensing Act Modernization," was introduced on March 2nd by Senator Warren Daniel. It is Senate Bill 345. A copy was attached as Attachment 2 to my May Attorney's Report.

It passed the Senate State and Local Government Committee with a favorable report and referred to the Senate Finance Committee where it was amended with an unrelated provision regarding the Machinery Act and received a favorable report.

It passed the Senate on June 28, 2023 on a vote of 46-0 and has been referred to the House Rules Committee. It did not pass prior to the legislature's adjournment of October 30th, however, Susana Davis, Legislative Liaison for the Department of Public Safety, has advised it remains eligible for consideration in the "short session" next year. Between now and then the

legislature will reconvene for some limited purposes, but the short session convenes on April 11, 2024.

b. House Bill 385, "Regulation of Battery-Charged Security Fences," would prohibit counties and cities from adopting certain ordinances, rules, and regulations related to battery-charged security fences and defines and establishes requirements for those fences. A copy was attached as Attachment 3 to my May Attorney's Report.

This bill passed the House on April 25, 2023 and was referred to the Senate Committee on Rules and remains eligible for consideration.

V. FINAL AGENCY DECISIONS

None.
