AVAILABILITY OF FUNDS ANNOUNCEMENT

About the Juvenile Justice Planning Committee

As a part of the Governor's Crime Commission, the Juvenile Justice Planning Committee serves in an advisory capacity to the Governor and to the Secretary of the Department of Public Safety. The Committee is comprised of GCC Commissioners and other juvenile justice experts.

The Governor's Crime Commission, as required by the federal program, designates and maintains a State multidisciplinary task force (CJA Task Force) composed of professionals with knowledge and experience relating to the criminal justice system and issues of child physical abuse, child neglect, child sexual abuse and exploitation, and child maltreatment related fatalities. The CJA Task Force makes recommendations to the Juvenile Justice Planning Committee for the administration of North Carolina's Children's Justice Act funding allocation.

Children's Justice Act (CJA) Task Force

Since 1988, the Governor's Crime Commission has administered Children's Justice Act funding to programs throughout the State. In order to fulfill the Federal program requirements, the CJA Task Force assesses current program practices and makes policy and training recommendations to improve the handling of child abuse and neglect cases across the State.

Funding Authority

As the state administering agency, the GCC has authority, by legislation, to administer this federal grant program, as defined by statute. The powers and duties of the GCC can be found at N.C.G.S. § 143B-602, N.C.G.S. § 143B-1101, and N.C.G.S. § 143B-1103.

Funds Availability

All awards are contingent upon the N.C. Governor's Crime Commission receiving the specified grant funds from the U.S. Department of Health and Human Services at the expected level and are subject to any modifications or additional requirements that may be imposed by law.

Scoring Process

All grant applications are competitive and will be scored and reviewed by the Children's Justice Act Task Force, who then makes recommendations for funding to the Juvenile Justice Planning Committee. **Not everyone who applies will be awarded a grant.** The Committee will consider geography, regional diversity, economic need, and prior GCC grant funding. Direct awards provided by federal agencies will also be considered.

The Committee will strive to make decisions that are equitable and fair. It will strive to look at national and state priorities as well as ever changing needs in criminal justice. It will debate, discuss, and decide what it believes is the best for the entire State of North Carolina given the current funding and applications.

PART I: GRANT INFORMATION AND CONDITIONS

Grant Program Background

The Children's Justice Act (CJA) provides grants to States to improve the investigation, prosecution and judicial handling of cases of child abuse and neglect, particularly child sexual abuse and exploitation, in a manner that limits additional trauma to the child victim. This also includes the handling of child fatality cases in which child abuse or neglect is suspected and some cases of children with disabilities and serious health problems who also are victims of abuse and neglect. The Governor's Crime Commission has administered Children's Justice Act funding to programs throughout the State since 1988.

In fulfilling its role in this regard, the Juvenile Justice Planning Committee calls upon the work of the Children's Justice Act (CJA) Task Force. The CJA Task Force is comprised of representatives from selected disciplines who work directly with issues and cases of child maltreatment in North Carolina. The Task Force makes policy and training recommendations regarding methods to better handle these cases, with the expectation that it will result in reduced trauma to the child victim and the victim's family, while ensuring fairness to the accused.

Every three years after the initial award, the Task Force is required by legislation to conduct a comprehensive evaluation (known as the CJA 3-Year Assessment) of the State's systems related to the investigative, administrative, and judicial handling of child abuse, neglect and exploitation cases and child maltreatment-related fatalities and make recommendations for improvements to those systems.

Compliance with Federal Rules Regulating Grants

Agencies that receive funding from the Governor's Crime Commission must comply with all provisions of the Federal Program Guidelines, and the administrative requirements, cost principles, and audit requirements of the Uniform Guidance set forth in [2 C.F.R. § 200](#).

The DOJ Grants Financial Guide is provided for the use of all recipients and subrecipients of Federal grant programs of the Department of Justice. The Guide serves as a compilation of the uniform guidance governing DOJ grants, and is available online at:

<https://www.ojp.gov/funding/financialguidedojo/overview>

Conditions of Eligible Organizations

1. **Nonprofit organizations** must be duly incorporated and registered under North Carolina statutes, unless it is a tribal governing body or a local chapter of a national, tax-exempt victim service organization.
2. **Public (government) agencies**, such as criminal justice agencies, include law enforcement, prosecutor offices, courts, corrections departments, probation and paroling authorities.

3. **Religiously-affiliated and faith-based organizations** must offer services without regard to religious affiliation and receipt of services is not contingent upon participation in a religious activity or event.

Community Coordination

Applications should illustrate coordinated public and private efforts which may include written agreements/memoranda of understanding, work groups to oversee and recommend improvements to community responses, and the development of protocols for such responses.

GCC supports the development of comprehensive projects that include collaborative partnerships with multiple agencies (e.g., human service agencies, court and criminal justice agencies, universities, etc.). The project narrative for the lead agency should summarize the multidisciplinary nature of the project. These comprehensive projects **must** have Memoranda of Understanding between all agencies involved uploaded as a supporting document.

Prohibited Discrimination

Applicants must assure and certify compliance with all civil rights nondiscrimination requirements, including those prohibiting unlawful discrimination.

Maintenance of Confidentiality

Except as authorized by law, program records containing the identity of individual juveniles must not be disclosed without the consent of the service recipient or legally authorized representative. Under no circumstances may program reports or findings available for public dissemination contain the actual names of individual service recipients.

This does not prohibit compliance with legally mandated reporting of abuse or neglect.

Compliance with State Criteria

Agencies must abide by any additional eligibility or service criteria as established by the North Carolina Governor's Crime Commission including the submission of statistical and programmatic information on the use and impact of grant funds, as requested by the GCC.

Information Sharing

GCC and its subrecipients may share the following information:

- Non-personally identifying data in the aggregate regarding services to their clients and non-personally identifying demographic information in order to comply with reporting, monitoring, evaluation, or data collection requirements;
- Court-generated information and law-enforcement-generated information contained in secure governmental registries for protection order enforcement purposes; and
- Law enforcement- and prosecution-generated information necessary for law enforcement and prosecution purposes.

Traffic Stop Data

N.C.G.S. 143B-903 requires that certain law enforcement agencies report traffic stops within 60 (sixty) days to the SBI. The SBI publishes the list of required agencies each year on the SBI website on the SBI Traffic Reporting page by clicking on the List of Agencies Required to Report. Any agency that is required to submit traffic stops and does not shall be ineligible to receive any law enforcement grants available by or through the State per G.S. 143B-903(e).

Contracts and Consultants

Agencies may concurrently receive Federal awards as a recipient, a subrecipient, and a contractor, depending on the substance of its agreements with Federal awarding agencies and pass-through entities.

Contract means, for the purpose of Federal financial assistance, a legal instrument by which a recipient or subrecipient purchases property or services needed to carry out the project or program under a federal award.

All contracts in the grant must be uploaded as an attachment to the grant and must be approved by the assigned grants administrator for the project after opening, but prior to being enacted. If an agency already has an executed contract from a previously funded grant award, a copy of the contract should be uploaded as a project-specific attachment. Contracts must be approved by the GCC Grant Administrator before obligations can be made.

If program activities are delegated to another entity that delegation will generally be considered a subaward and is not allowed.

Please note that the approval of the grant award by the Commission does not constitute the approval of a specific sub-award or contract. For additional information on this topic, please refer to 2 C.F.R. § 200.331, subrecipient and contractor determination.

Indirect Costs

Applicants that intend to charge indirect costs using a negotiated indirect cost rate must have a current, signed, federally – approved indirect cost rate agreement. Applicants that have never received a federally – approved indirect cost rate may elect to charge a de minimis rate of up to 15% of modified total costs, which the agency will then be required to use for all applications for federal funding, indefinitely or until a federally – approved rate has been negotiated.

De Minimis Indirect Cost Rate

Some subrecipients have the option of using a de minimis indirect cost rate set by law.

Effective October 1, 2024, the federal de minimis rate increased from 10% to **up to 15%**, which can be applied to new awards opened after the effective date. Subrecipients are authorized to determine the appropriate rate utilized up to 15% and must use the rate for all federal awards until a federally negotiated rate is received. Please note that it is not required that you increase your rate to 15% if you have previously elected to utilize the de minimis indirect cost rate, but you may choose to do so as long

as the rate is applied consistently to all federal awards made to your agency. This includes federal funding from sources outside of the GCC.

The *de minimis* rate is up to 15% of modified total direct costs (MTDC).

- The MTDC base includes: salary and wages, fringe benefits, materials and supplies, services, travel, and the first \$50,000 of each contract.
- Excluded from the MTDC calculation is: equipment, capital expenditures, charges for patient care, tuition remission, rental costs, scholarships, and the portion of any contracts in excess of \$50,000.

This *de minimis* rate is available without the need to negotiate with the cognizant federal agency for indirect costs. The *de minimis* rate is an option only for subrecipients that do not have an approved federally negotiated indirect cost rate.

When the *de minimis* rate is used, costs must be consistently charged as either indirect or direct costs. Double charging is not permitted.

If you elect to use *de minimis*, it must be applied consistently across all your agency's Federally funded projects until your agency receives a Federally Negotiated Indirect Cost Rate.

If you elect to use *de minimis* in your projects, you must submit and upload a certification to each of your project applications. The *De Minimis* Certification Form can be found at the Grant Forms section of our website. On the form, please indicate the rate percentage that your agency will use. This must also be included in the grant application.

Negotiated Indirect Cost Rate

Applicants that intend to charge indirect costs through the use of a federally negotiated indirect cost rate must have a current, signed, federally approved indirect cost rate agreement (NICRA). Other applicants may elect to charge a *de minimis* rate of modified total direct costs (MTDC), which the agency will then use for all applications for federal funding, indefinitely or until a federally - approved rate has been negotiated.

Documentation supporting the agency's use of an indirect cost rate is required.

Since utilizing an indirect cost rate occurs at the organization level, the Financial Officer is responsible for the verification of an organization's indirect cost rate (*de minimis* or federally negotiated rate). If an organization is utilizing an indirect cost rate, the required support documentation must be uploaded to the EBS Grants Management Platform by the Financial Officer.

Supplanting

Supplanting, consistent with the Uniform Guidance, is the deliberate reduction of State, local, or tribal government funds otherwise available, specifically because federal funds are available (or expected to be available) to fund the same activity.

Federal funds may be used to supplement existing State and local funds for program activities and must not supplant (replace) funds that have been appropriated for the same purpose. To avoid potential supplanting issues, the below guidelines should be followed:

- Federal funds cannot be used to pay for existing employees unless the existing position is “backfilled” with a new hire.
- Federal funds cannot be used to pay for items or costs that the award recipient is already obligated to pay with State, local, or tribal funds.
- State, local, or tribal government funds previously appropriated, allocated, or budgeted for award purposes cannot be reduced or reallocated to other purposes because of the receipt of federal funds.
- Agencies must maintain documentation demonstrating that any reductions in non-Federal resources budgeted for award purposes is unrelated to the receipt or expected receipt of federal funds.

Unallowable Uses

Federal awards generally provide recipients and/or subrecipients with the funds necessary to cover costs associated with the award program. There are other costs, categorized as unallowable costs, that will not be reimbursed. Subrecipients must not use award or match funding for unallowable costs. Standard unallowable costs are identified in 2 C.F.R. § 200.1 (Disallowed Cost).

The following services, activities, and costs, although not exhaustive, cannot be supported with grant funds at the subrecipient level:

- Lobbying/advocacy with respect to legislation or administrative changes to regulations or administrative policy;
- Audit Costs (except as an allocable percentage of mandatory audits);
- Fundraising activities;
- Capital expenses, including capital improvements; property losses and expenses; real estate purchases; mortgage payments; and construction;
- Bonuses, commissions, tips, stipends, and honoraria
- Trinkets (items such as hats, mugs, portfolios, t-shirts, coins, gift bags, etc., regardless of whether they include the conference name or OJP/DOJ logo) must not be purchased with DOJ funds as giveaways for conferences. Basic supplies that are necessary for use during the conference (e.g., folders, name tags) may be purchased.
- Additional inappropriate costs as identified and considered by the GCC as unallowable.

Additionally, Children’s Justice Act funds cannot be used for primary prevention or treatment programs.

(NEW Unallowable Cost) The award requirement below will be effective and subject to enforcement under this Federal grant award from the Department of Justice starting on October 31, 2025.

- Legal Services for Aliens: *Except as indicated in the following sentence, costs of providing legal services (that is, professional services of the kind lawfully provided only by individuals licensed to practice law) to any removable alien (see 8 U.S.C. § 1229a(e)(2)) or any alien otherwise unlawfully present in the United States are disallowed and may not be charged against the award.*

Costs for legal services disallowed under the preceding sentence do not include costs for legal services— (1) to obtain protection orders for victims of crime (including associated or related orders (e.g., custody orders), arising from the victimization); (2) that are associated with or relate to actions under 18 U.S.C. ch. 77 (peonage, slavery, and trafficking in persons); (3) to obtain T-visas, U-visas, or “continued presence” immigration status (see, e.g., 8 U.S.C. § 1101(a)(15)(T) & (U); 22 U.S.C. § 7105(c)(3)(A)); or (4) as to which such disallowance would contravene any express requirement of any law, or of any judicial ruling, governing or applicable to the award.

Pre-Award Risk Assessment

Pursuant to the regulations found at 2 C.F.R. 200.206(b), subrecipient agencies who are new to GCC funding or have not received funding within the previous 5 years are required to undergo a Pre-Award Risk Assessment (PARA) prior to the opening of the grant. The purpose of the PARA is to ensure that new subrecipient agencies can carry out all aspects of the federal grant award, including fiscal and administrative management of federal grant funds.

After an assessment by a Grant Planner and Grant Administrator, agencies are determined as high, medium, or low risk. Subsequent risk measurements are conducted post-award by the assigned Grant Administrator using a matrix-based evaluation tool.

Reimbursement Requests

The subrecipient is required to submit monthly expenditures reports unless there are no reimbursable activities in a particular month. You may submit reimbursement requests for expenses occurring during your period of performance up to 60 days after your project ends.

Agencies are recommended to have at least 3-4 months in reserve funds to support their funded projects. This can assist with any reimbursement delays or issues that may arise.

Executive Director Compensation

Executive Directors cannot be 100% funded through subawards. Executive Directors have responsibilities that do not include or directly support the allowable activities (for example, fundraising, donor retention, board meetings, and executive administrative functions). Personnel costs that are directly related to providing direct services, supervision of grant staff, and supporting grant activities are allowable costs.

Ordering Delays

Supply chain issues are common. Funds for any purchased items must be obligated by the end of the grant period of performance. Items must also be received by the end of the grant period of performance. You may submit your final reimbursement request for expenses occurring during your period of performance up to 60 days after your project ends.

Donated Office Space

The Governor's Crime Commission requires a written valuation of the space, as well as a floor plan detailing the space used as an upload to their attached documents. If there is a lease or rental agreement associated with this entity donating this space, it should also be attached as an upload to your grant application.

Purchasing Food

Food for training and other events (not direct services) is generally unallowable but may be permitted with pre-approval from the US Department of Justice. DOJ only approves requests when it deems food and beverage costs to be necessary.

Performance Reporting

All projects approved for funding are required to provide regular Federal performance reports in the EBS system. These include program-specific performance reports, as well as annual project progress reports that align with the goals and objectives of the specific grant project.

Failure to report program performance will result in a hold of grant funds.

Performance Reporting – Children's Justice Act Grants

The GCC uses performance measure data to track award activity, progress toward program goals, and to identify statewide progress and areas for service improvement.

Data is to be reported by subrecipients to the GCC on the following dates:

REPORT TYPE	REPORTING PERIOD	DUE DATE
MID-YEAR	OCTOBER – MARCH	APRIL 30
FINAL	APRIL – SEPTEMBER	OCTOBER 30

Annual Progress Reports

All projects funded by the GCC are required to provide an annual report that aligns with the goals and objectives of the subrecipient project identified at the time of application. The annual deadline for all Project Progress Reports is **OCTOBER 30** of each year of performance.

Award Terms and Conditions

Projects selected for funding will be subject to all Terms and Conditions set forth by the U.S. Department of Health and Human Services, the Administration for Children and Families, and the NC Governor's Crime Commission that are associated with the federal award. Funded programs will be advised in writing of any changes or additions to the federal grant conditions.

Publication Assurance

As an applicant for funding from the Children's Bureau, U.S. Department Health and Human Services, via the Governor's Crime Commission, and as required by HHS appropriations acts, results and accomplishments of funded programs should be made available to the public.

For each publication that results from HHS grant-supported activities, subrecipients must include an acknowledgment of grant support. In addition, upload of a signed assurance regarding acknowledgment of Federal funding is required in the EBS Grants Management System.

If the recipient plans to issue a press release concerning the outcome of HHS grant-supported activities, it should notify the Governor's Crime Commission in advance to allow for coordination. One copy of each publication resulting from work performed under an HHS grant-supported project must accompany the annual or final progress report submitted to the GCC.

PART II: PROGRAM PRIORITIES

Below are the priorities for Children’s Justice Act funding administered by the GCC. This includes required categories and areas for use established by the federal program rules, Children’s Justice Act Task Force, and Juvenile Justice Planning Committee.

Grant funds should be used to implement State Task Force recommendations in the three categories from Section 107(e)(1)(A) (B) and (C)) of the Act. **While applications for funding will be accepted for each of the three federally-required focus areas, emphasis will be placed on CJA Priority Area B for the current application cycle.**

Application Submission Limit

Agencies may only submit one application under this funding source. Agencies must note in their application if funding is being requested in a priority area for which they have a current open grant-funded project.

Budget Planning

Your budget should justify all expenses and be consistent with the program narrative. Budgets must be clear and specific. The Governor’s Crime Commission reserves the right to reduce budgets and request budget adjustments at its discretion.

Budgets requesting CJA funds are required to reflect **12 months** of spending.

Growth

Requests for increased project funding for continuation projects should detail additional project activities that reasonably correlate with the funding amount requested. As funding is both competitive and limited, agencies requesting funding for continuation projects are discouraged from excessive project growth. All grant application budgets are reviewed and assessed for allowable and reasonable costs.

Match Requirement

There are no match requirements for this grant.

Maximum Federal Request

Maximum Funding Available: \$ 109,477.60

Length of Award: **1 Year**

PART III: APPLICATION ACCESS REQUIREMENTS

UEI Number

On April 4, 2022, the unique entity identifier (UEI) used across the federal government changed from the DUNS Number to the Unique Entity ID (generated by SAM.gov). The Unique Entity ID is a 12-character alphanumeric ID assigned to an entity by SAM.gov. As part of this transition, the DUNS Number has been removed from SAM.gov. Entity registration, searching, and data entry in SAM.gov now require use of the new Unique Entity ID.

Existing registered entities can find their Unique Entity ID by logging in to SAM.gov. In your Workspace, select the entity title of the "Entities" widget. The UEI is shown beside the entities. New entities can get their UEI at SAM.gov and, if required, complete an entity registration.

Please note that the GCC staff cannot assist you with UEI issues as this system is federally managed.

NCID

Applications for funding must be submitted via the Enterprise Business Services grant management platform. Applicants must first obtain an NCID username and password in order to access this online system. To obtain your NCID username and password, you must register at: <https://ncid.nc.gov> If you have issues with obtaining your NCID or utilizing an existing NCID account, contact the ITS Service Desk 24-hours a day at (919) 754-6000 or toll free at 1-800-722-3946. Please note that the GCC staff cannot assist you with NCID access issues.

NCID accounts cannot be shared among users. Each user must have their own unique NCID and password. All users must adhere to the NCID Acceptable Use Policy. Violation of the policy could result in disciplinary action, termination, loss of information resources, and criminal prosecution.

Enterprise Business Services (EBS) Platform

If you have not accessed the system or have an account that has been deactivated, you must request access to EBS using the EBS External Access Request Application, which requires an NCID account.

If you require access to EBS to create or review an application, or to manage or view an existing awarded grant, you will need to request access by following the steps:

1. Using Google Chrome, you will access the online EBS External Access Request Application found at <https://www.ebs.nc.gov/sap/crmaccess/>
2. Provide the details required by the form and submit.

3. Your authorization will be processed over the next 48 business hours. If approved, you will receive an email from sapacct@ncdot.gov. EBS Support should only be contacted after you have received this email. Please make sure your email spam filter is not blocking this email address.

Logging Into EBS

To log into EBS Grants Management Platform:

1. Login at <https://www.ebs.nc.gov/>
2. Enter your NCID Username and Password, then click on “Log On”

(EBS Login)

3. The “Login Help” link below the “Log On” button will take you to information about resetting your password and contacting the EBS Help Desk.

PART IV: APPLICATION GUIDE WITH SAMPLE SCREENS

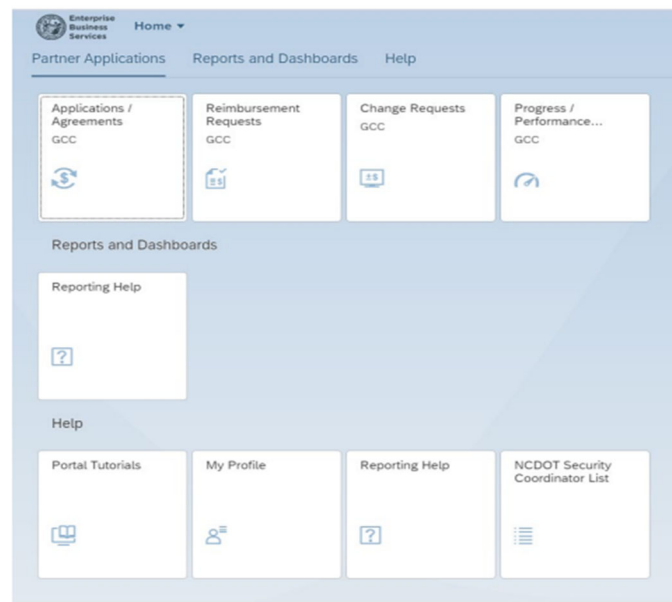

EBS Home Screen

Profile Settings

You can access your Profile and Settings in EBS by clicking on the person icon in the top right-hand corner of the page. This will show you the NCID that you have used to log into the system and will allow you access.

Grant Management Tiles

The EBS Home Page is organized to include the grant funder organizations that you have access to. If you have access to multiple funding organizations, you will see files for each organization. For instance, you may have access to both GCC and the Governor's Highway Safety Program (GHDP), managed by NCDOT. If so, you will have a set of "Tiles" for each organization. See below for an example of Tiles in EBS.

Application/Agreement Tile

The Application/Agreement tile allows you to:

- Apply for a GCC Grant
- Check on the Status of an Application
- View details of any funded grants that are in progress (Agreements)
- View any historical applications or completed grants

Apply and Submit Application

Once logged into EBS, you may access the **EBS External User Guide** and other resources to assist with navigating the application process. The EBS External User Guide provides detailed information on the various areas of the grants management system.

In order to begin an application, follow the below steps. As with previous GCC grant applications, applicants are required to provide a complete proposal that includes a **project narrative, goals and objectives, a detailed budget, eligibility certifications, project-specific attachments**, and other necessary information as required by the individual funding source and Committee.

Click **Create Application**.
The program selection screen displays.

The screenshot shows the 'DPS GCC Application' interface. At the top, there's a header with the EBS logo and 'DPS GCC Application'. Below this, the 'Current Applications (3)' section displays a table with columns: applicationid, program, granteeid, granteeName, and status. Three applications are listed, all for '22 VOCA UNDERSERVED'. The first two are 'Ready for Reimbursement' and the third is 'Created'. A red box highlights the 'Create New Application' button in the top right corner. Below the 'Current Applications' section is the 'Application History' section, which is currently empty, showing 'No Applications are currently available'.

Select a **Program ID** of the priority that you are applying under.

A crosswalk of definitions to assist with selecting the correct Program ID is listed above in the Program Priorities section of this document.

The screenshot shows the 'Select the Program to create the Application' screen. It features a table with columns: Program Description, Program ID, Start Date, and End Date. Several programs are listed, including 'MENTAL HEALTH PRIORITY FOR LE', '2022 Byrne JAG Block Grants', '22 JJ DISCRETIONARY', '22 VOCA UNDERSERVED', 'Match and budget testing', and '22 VOCA UNDERSERVED'. The '22 VOCA UNDERSERVED' program ID is highlighted with a red box and a yellow callout bubble with the number '1'. The URL 'https://opl.lebanon.gov/portal' is visible at the bottom left.

Click **OK** to confirm the creation of a new application.

The screenshot shows the 'DPS GCC Application' selection interface. A table lists various programs with columns for Program Description, Program ID, Start Date, and End Date. A modal dialog box titled 'New Application Confirmation' is displayed, asking 'You are about to create new Application for GCC. Are you sure?, If not Please start over and edit an existing Application.' with 'Yes' and 'No' buttons. A red box highlights the 'Yes' button, and a yellow circle with the number '1' is placed below it.

Once you save the application, it will be placed in a status of, “Created” in your Current Applications table.

When in status of “Created”, you can see access the Application, make changes, and either save or submit. You are also able to Cancel the Application with the “Cancel” button in the Current Applications table.

Once submitted, you will no longer be able to edit your application. See the screenshot below of a sample error message and save/submit buttons on an application.

Application Review/Agreements

Once your application has been submitted, the GCC review will begin. During the review process, you can return to your current applications table to see the status of your application. Also, during the review process, GCC may return the application to you in an editable state so that you can make changes or attach additional documentation.

When an application is returned, you can **save**, **edit**, or **cancel** the application.

After the GCC review period, your application will either be approved or denied for funding.

- If **approved**, the application will be subject to required modifications and award conditions. The application, now an agreement, will keep the same identification number and will stay in your Current Applications table.
