About the Juvenile Justice Planning Committee

As a part of the Governor's Crime Commission, the Juvenile Justice Planning Committee serves in an advisory capacity to the Governor and to the Secretary of the Department of Public Safety. The Committee is comprised of GCC Commissioners and other juvenile justice experts.

The mission of the Juvenile Justice Planning Committee is to provide resources for youth who are at-risk of becoming delinquent due to individual, school, family, peer, or community factors. These resources provide services for youth who are delinquent, undisciplined, or involved in the juvenile court process from intake through aftercare.

In keeping with its mission, the Juvenile Justice Planning Committee will continue to support programs which meet the needs of young people in the State. The reduction of racial and ethnic disparities remains a priority of the Juvenile Justice Planning Committee.

Racial and Ethnic Disparities (R/ED) Subcommittee

The Racial and Ethnic Disparities (R/ED) Subcommittee is composed of juvenile justice stakeholders (including representatives of the educational system) to advise efforts to reduce racial and ethnic disparities in the juvenile justice system. Establishment of the R/ED Subcommittee supports efforts to maintain compliance with the R/ED core requirement found at 34 U.S.C. §11133(a)(15).

Juvenile Justice Compliance Monitoring

Pursuant to the requirements found at 34 U.S.C. § 11133(a)(1) and (2), the Governor's Crime Commission is the designated state agency responsible for administering Title II Formula Grant Funds in North Carolina. States participating in the Formula Grants Program are required to monitor and report data for all adult jails and lockups, secure detention facilities, and secure correctional facilities within the state. As the designated state agency, the GCC has authority, by legislation, to administer the Title II Formula Grants Program, including monitoring for compliance with the deinstitutionalization of status offenders (DSO), Section 223(a)(11)(B), separation, and jail removal requirements.

Funds Availability

All awards are contingent upon the N.C. Governor's Crime Commission receiving the specified grant funds from the U.S. Department of Justice at the expected level and are subject to any modifications or additional requirements that may be imposed by law.

Funding Authority

As the state administering agency, the GCC has authority, by legislation, to administer this federal grant program, as defined by statute. The powers and duties of the GCC can be found at N.C.G.S. § 143B-602, N.C.G.S. § 143B-1101, and N.C.G.S. § 143B-1103.

Conditions of Eligible Organizations

1. **Nonprofit organizations** must be duly incorporated and registered under North Carolina statutes, unless it is a tribal governing body or a local chapter of a national, tax-exempt victim service organization.
2. **Public (government) agencies**, such as criminal justice agencies, include law enforcement, prosecutor offices, courts, corrections departments, probation and paroling authorities.
3. **Religiously-affiliated and faith-based organizations** must offer services without regard to religious affiliation and receipt of services is not contingent upon participation in a religious activity or event.
4. **Tribal governments** may be required by certain funding sources to be federally recognized as having a government-to-government relationship with the United States, with responsibilities, powers, limitations, and obligations attached to that designation. Not all funding sources require that Tribal entities be federally-recognized.

Scoring Process

All grant applications are competitive and will be scored and reviewed by the Juvenile Justice Planning Committee. The R/ED Subcommittee may also participate in the review of applications and make recommendations to the JJPC. **Not everyone who applies will be awarded a grant.** The Committee will consider geography, regional diversity, economic need, and prior GCC grant funding. Direct awards provided by federal agencies will also be considered.

The Committee will strive to make decisions that are equitable and fair. It will strive to look at national and state priorities as well as ever changing needs in criminal justice. It will debate, discuss, and decide what it believes is the best for the entire State of North Carolina given the current funding and applications.

PART I: GRANT INFORMATION AND CONDITIONS

Grant Program Background

The Title II Formula Grants Program supports state, Tribal, and local delinquency prevention, intervention, and juvenile justice system improvements. Funds are provided directly to states to assist them in planning, establishing, operating, coordinating, and evaluating projects directly or through grants and contracts with public and private agencies for the development and implementation of comprehensive juvenile justice plans based on the needs in their jurisdictions. With this program, states can provide more effective education, training, research, prevention, diversion, treatment, and rehabilitation programs in the area of juvenile delinquency and programs to improve the juvenile justice system.

The Juvenile Justice Planning Committee (JJPC) advises the Governor's Crime Commission on all matters which are referred to it relevant to juvenile justice, including the development and implementation of priorities for the improvement of juvenile justice services in the State. Additionally, the Committee participates in the development and review of a Three-Year State Plan for Juvenile Justice, which takes into account the needs and requests of juvenile justice programming in the State. The Juvenile Justice Planning Committee serves as the State Advisory Group as required by 34 U.S.C. § 11133(a)(3).

The GCC partners with the state-run Division of Juvenile Justice and Delinquency Prevention, which also serves as the primary source of juvenile justice data in the State of North Carolina. The NC Division of Juvenile Justice and Delinquency Prevention is committed to the reduction and prevention of juvenile delinquency by effectively intervening, educating, and treating at-risk and justice-involved youth to strengthen families and enhance public safety. Through strong partnerships within State government, North Carolina promotes evidence-based and trauma-informed programs and practices and utilizes community-based services to respond to the varying needs of at-risk and justice involved youth.

Compliance with Federal Rules Regulating Grants

Agencies that receive funding from the Governor's Crime Commission must comply with all provisions of the Federal Program Guidelines, and the administrative requirements, cost principles, and audit requirements of the Uniform Guidance set forth in [2 C.F.R. § 200](#).

The DOJ Grants Financial Guide is provided for the use of all recipients and subrecipients of Federal grant programs of the Department of Justice. The Guide serves as a compilation of the uniform guidance governing DOJ grants, and is available online at: <https://www.ojp.gov/funding/financialguidedojo/overview>

Community Coordination

Applications should illustrate coordinated public and private efforts which may include written agreements/memoranda of understanding, work groups to oversee and recommend improvements to community responses, and the development of protocols for such responses.

GCC supports the development of comprehensive projects that include collaborative partnerships with multiple agencies (e.g., human service agencies, court and criminal justice agencies, universities, etc.). The project narrative for the lead agency should summarize the multidisciplinary nature of the project. These comprehensive projects **must** have Memoranda of Understanding between all agencies involved uploaded as a supporting document.

Prohibited Discrimination

Applicants must assure and certify compliance with all civil rights nondiscrimination requirements, including those prohibiting unlawful discrimination.

Maintenance of Confidentiality

Except as authorized by law, program records containing the identity of individual juveniles must not be disclosed without the consent of the service recipient or legally authorized representative. Under no circumstances may program reports or findings available for public dissemination contain the actual names of individual service recipients.

This does not prohibit compliance with legally mandated reporting of abuse or neglect.

Compliance with State Criteria

Agencies must abide by any additional eligibility or service criteria as established by the North Carolina Governor's Crime Commission including the submission of statistical and programmatic information on the use and impact of grant funds, as requested by the GCC.

Information Sharing

GCC and its subrecipients may share the following information:

- Non-personally identifying data in the aggregate regarding services to their clients and non-personally identifying demographic information in order to comply with reporting, monitoring, evaluation, or data collection requirements;
- Court-generated information and law-enforcement-generated information contained in secure governmental registries for protection order enforcement purposes; and
- Law enforcement- and prosecution-generated information necessary for law enforcement and prosecution purposes.

Traffic Stop Data

N.C.G.S.143B-903 requires that certain law enforcement agencies report traffic stops within 60 (sixty) days to the SBI. The SBI publishes the list of required agencies each year on the SBI website on the SBI Traffic Reporting page by clicking on the List of Agencies Required to Report. Any agency that is required

to submit traffic stops and does not shall be ineligible to receive any law enforcement grants available by or through the State per G.S. 143B-903(e).

Contracts and Consultants

Agencies may concurrently receive Federal awards as a recipient, a subrecipient, and a contractor, depending on the substance of its agreements with Federal awarding agencies and pass-through entities.

Contract means, for the purpose of Federal financial assistance, a legal instrument by which a recipient or subrecipient purchases property or services needed to carry out the project or program under a federal award.

All contracts in the grant must be uploaded as an attachment to the grant and must be approved by the assigned grants administrator for the project after opening, but prior to being enacted. If an agency already has an executed contract from a previously funded grant award, a copy of the contract should be uploaded as a project-specific attachment. Contracts must be approved by the GCC Grant Administrator before obligations can be made.

If program activities are delegated to another entity that delegation will generally be considered a subaward and is not allowed.

Please note that the approval of the grant award by the Commission does not constitute the approval of a specific sub-award or contract. For additional information on this topic, please refer to 2 C.F.R. § 200.331, subrecipient and contractor determination.

Indirect Costs

Applicants that intend to charge indirect costs using a negotiated indirect cost rate must have a current, signed, federally – approved indirect cost rate agreement. Applicants that have never received a federally – approved indirect cost rate may elect to charge a de minimis rate of up to 15% of modified total costs, which the agency will then be required to use for all applications for federal funding, indefinitely or until a federally – approved rate has been negotiated.

De Minimis Indirect Cost Rate

Some subrecipients have the option of using a de minimis indirect cost rate set by law.

Effective October 1, 2024, the federal de minimis rate increased from 10% to **up to 15%**, which can be applied to new awards opened after the effective date. Subrecipients are authorized to determine the appropriate rate utilized up to 15% and must use the rate for all federal awards until a federally negotiated rate is received. Please note that it is not required that you increase your rate to 15% if you have previously elected to utilize the de minimis indirect cost rate, but you may choose to do so as long as the rate is applied consistently to all federal awards made to your agency. This includes federal funding from sources outside of the GCC.

The *de minimis* rate is up to 15% of modified total direct costs (MTDC).

- The MTDC base includes: salary and wages, fringe benefits, materials and supplies, services, travel, and the first \$50,000 of each contract.
- Excluded from the MTDC calculation is: equipment, capital expenditures, charges for patient care, tuition remission, rental costs, scholarships, and the portion of any contracts in excess of \$50,000.

This *de minimis* rate is available without the need to negotiate with the cognizant federal agency for indirect costs. The *de minimis* rate is an option only for subrecipients that do not have an approved federally negotiated indirect cost rate.

When the *de minimis* rate is used, costs must be consistently charged as either indirect or direct costs. Double charging is not permitted.

If you elect to use *de minimis*, it must be applied consistently across all your agency's Federally funded projects until your agency receives a Federally Negotiated Indirect Cost Rate.

If you elect to use *de minimis* in your projects, you must submit and upload a certification to each of your project applications. The *De Minimis* Certification Form can be found at the Grant Forms section of our website. On the form, please indicate the rate percentage that your agency will use. This must also be included in the grant application.

Negotiated Indirect Cost Rate

Applicants that intend to charge indirect costs through the use of a federally negotiated indirect cost rate must have a current, signed, federally approved indirect cost rate agreement (NICRA). Other applicants may elect to charge a *de minimis* rate of modified total direct costs (MTDC), which the agency will then use for all applications for federal funding, indefinitely or until a federally - approved rate has been negotiated.

Documentation supporting the agency's use of an indirect cost rate is required.

Since utilizing an indirect cost rate occurs at the organization level, the Financial Officer is responsible for the verification of an organization's indirect cost rate (*de minimis* or federally negotiated rate). If an organization is utilizing an indirect cost rate, the required support documentation must be uploaded to the EBS Grants Management Platform by the Financial Officer.

Supplanting

Supplanting, consistent with the Uniform Guidance, is the deliberate reduction of State, local, or tribal government funds otherwise available, specifically because federal funds are available (or expected to be available) to fund the same activity.

Federal funds may be used to supplement existing State and local funds for program activities and must not supplant (replace) funds that have been appropriated for the same purpose. To avoid potential supplanting issues, the below guidelines should be followed:

- Federal funds cannot be used to pay for existing employees unless the existing position is "backfilled" with a new hire.

- Federal funds cannot be used to pay for items or costs that the award recipient is already obligated to pay with State, local, or tribal funds.
- State, local, or tribal government funds previously appropriated, allocated, or budgeted for award purposes cannot be reduced or reallocated to other purposes because of the receipt of federal funds.
- Agencies must maintain documentation demonstrating that any reductions in non-Federal resources budgeted for award purposes is unrelated to the receipt or expected receipt of federal funds.

Unallowable Uses

Federal awards generally provide recipients and/or subrecipients with the funds necessary to cover costs associated with the award program. There are other costs, categorized as unallowable costs, that will not be reimbursed. Subrecipients must not use award or match funding for unallowable costs. Standard unallowable costs are identified in 2 C.F.R. § 200.1 (Disallowed Cost).

The following services, activities, and costs, although not exhaustive, cannot be supported with grant funds at the subrecipient level:

- Lobbying/advocacy with respect to legislation or administrative changes to regulations or administrative policy;
- Audit Costs (except as an allocable percentage of mandatory audits);
- Fundraising activities;
- Capital expenses, including capital improvements; property losses and expenses; real estate purchases; mortgage payments; and construction;
- Bonuses, commissions, tips, stipends, and honoraria
- Trinkets (items such as hats, mugs, portfolios, t-shirts, coins, gift bags, etc., regardless of whether they include the conference name or OJP/DOJ logo) must not be purchased with DOJ funds as giveaways for conferences. Basic supplies that are necessary for use during the conference (e.g., folders, name tags) may be purchased.
- Additional inappropriate costs as identified and considered by the GCC as unallowable.

(NEW Unallowable Cost) The award requirement below will be effective and subject to enforcement under this Federal grant award from the Department of Justice starting on October 31, 2025.

- Legal Services for Aliens: *Except as indicated in the following sentence, costs of providing legal services (that is, professional services of the kind lawfully provided only by individuals licensed to practice law) to any removable alien (see 8 U.S.C. § 1229a(e)(2)) or any alien otherwise unlawfully present in the United States are disallowed and may not be charged against the award.*

Costs for legal services disallowed under the preceding sentence do not include costs for legal services— (1) to obtain protection orders for victims of crime (including associated or related orders (e.g., custody orders), arising from the victimization); (2) that are associated with or relate to actions under 18 U.S.C. ch. 77 (peonage, slavery, and trafficking in persons); (3) to obtain T-visas, U-visas, or “continued presence” immigration status (see, e.g., 8 U.S.C. § 1101(a)(15)(T) & (U); 22 U.S.C. § 7105(c)(3)(A)); or (4) as to which such disallowance would contravene any express requirement of any law, or of any judicial ruling, governing or applicable to the award.

Pre-Award Risk Assessment

Pursuant to the regulations found at 2 C.F.R. 200.206(b), subrecipient agencies who are new to GCC funding or have not received funding within the previous 5 years are required to undergo a Pre-Award Risk Assessment (PARA) prior to the opening of the grant. The purpose of the PARA is to ensure that new subrecipient agencies can carry out all aspects of the federal grant award, including fiscal and administrative management of federal grant funds.

After an assessment by a Grant Planner and Grant Administrator, agencies are determined as high, medium, or low risk. Subsequent risk measurements are conducted post-award by the assigned Grant Administrator using a matrix-based evaluation tool.

Reimbursement Requests

The subrecipient is required to submit monthly expenditures reports unless there are no reimbursable activities in a particular month. You may submit reimbursement requests for expenses occurring during your period of performance up to 60 days after your project ends.

Agencies are recommended to have at least 3-4 months in reserve funds to support their funded projects. This can assist with any reimbursement delays or issues that may arise.

Executive Director Compensation

Executive Directors cannot be 100% funded through subawards. Executive Directors have responsibilities that do not include or directly support the allowable activities (for example, fundraising, donor retention, board meetings, and executive administrative functions). Personnel costs that are directly related to providing direct services, supervision of grant staff, and supporting grant activities are allowable costs.

Ordering Delays

Supply chain issues are common. Funds for any purchased items must be obligated by the end of the grant period of performance. Items must also be received by the end of the grant period of performance. You may submit your final reimbursement request for expenses occurring during your period of performance up to 60 days after your project ends.

Donated Office Space

The Governor's Crime Commission requires a written valuation of the space, as well as a floor plan detailing the space used as an upload to their attached documents. If there is a lease or rental agreement associated with this entity donating this space, it should also be attached as an upload to your grant application.

Purchasing Food

Food for training and other events (not direct services) is generally unallowable but may be permitted with pre-approval from the US Department of Justice. DOJ only approves requests when it deems food and beverage costs to be necessary.

Performance Reporting

All projects approved for funding are required to provide regular Federal performance reports in the EBS system. These include program-specific performance reports, as well as annual project progress reports that align with the goals and objectives of the specific grant project.

Failure to report program performance will result in a hold of grant funds.

Performance Reporting – Title II/Juvenile Justice Grants

The GCC uses performance measure data to track award activity, progress toward program goals, and to identify statewide progress and areas for service improvement.

Data is to be reported by subrecipients to the GCC on the following dates:

REPORT TYPE	REPORTING PERIOD	DUE DATE
MID-YEAR	OCTOBER – MARCH	APRIL 15
FINAL	APRIL – SEPTEMBER	OCTOBER 15

Annual Progress Reports

All projects funded by the GCC are required to provide an annual report that aligns with the goals and objectives of the subrecipient project identified at the time of application. The annual deadline for all Project Progress Reports is **OCTOBER 30** of each year of performance.

Award Terms and Conditions

Projects selected for funding will be subject to all Terms and Conditions set forth by the U.S. Department of Justice, the Office of Juvenile Justice and Delinquency Prevention, and the NC Governor's Crime Commission that are associated with the federal award. Funded programs will be advised in writing of any changes or additions to the federal grant conditions.

Participant Support Costs

Participant support costs are direct costs for items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with meetings, conferences, symposia, or training projects.

Juvenile Justice grants require written prior approval for certain activities, such as transporting minors and juveniles attending any programs or conferences outside of the funded project. A prior approval request form for such costs can be found on the GCC website.

PART II: PROGRAM PRIORITIES

Below are the priorities for Title II/Juvenile Justice funding administered by the GCC. This includes required categories and areas for use established by the federal program rules and recommendations of the Juvenile Justice Planning Committee.

Application Submission Limit

Agencies may only submit one application under this funding source. Agencies must note in their application if funding is being requested in a priority area for which they have a current open grant-funded project.

Budget Planning

Your budget should justify all expenses and be consistent with the program narrative. Budgets must be clear and specific. The Governor's Crime Commission reserves the right to reduce budgets and request budget adjustments at its discretion.

Budgets requesting Title II funds are required to reflect 24 months of spending.

Growth

Requests for increased project funding for continuation projects should detail additional project activities that reasonably correlate with the funding amount requested. As funding is both competitive and limited, agencies requesting funding for continuation projects are discouraged from excessive project growth. All grant application budgets are reviewed and assessed for allowable and reasonable costs.

Match Requirement

There are no match requirements for this grant.

Funding Caps

In consideration of fluctuations in federal funding amounts, all applications for Title II funding have a cap on the amount of funding that may be requested by an applicant. Note that this reflects the maximum dollar amount that may be awarded for an application under the funding priority, and specific caps can be found within the individual priority sections. Requests for funding should be necessary and reasonable.

PART III: APPLICATION ACCESS REQUIREMENTS

UEI Number

On April 4, 2022, the unique entity identifier (UEI) used across the federal government changed from the DUNS Number to the Unique Entity ID (generated by SAM.gov). The Unique Entity ID is a 12-character alphanumeric ID assigned to an entity by SAM.gov. As part of this transition, the DUNS Number has been removed from SAM.gov. Entity registration, searching, and data entry in SAM.gov now require use of the new Unique Entity ID.

Existing registered entities can find their Unique Entity ID by logging in to SAM.gov. In your Workspace, select the entity title of the "Entities" widget. The UEI is shown beside the entities. New entities can get their UEI at SAM.gov and, if required, complete an entity registration.

Please note that the GCC staff cannot assist you with UEI issues as this system is federally managed.

NCID

Applications for funding must be submitted via the Enterprise Business Services grant management platform. Applicants must first obtain an NCID username and password in order to access this online system. To obtain your NCID username and password, you must register at: <https://ncid.nc.gov> If you have issues with obtaining your NCID or utilizing an existing NCID account, contact the ITS Service Desk 24-hours a day at (919) 754-6000 or toll free at 1-800-722-3946. Please note that the GCC staff cannot assist you with NCID access issues.

NCID accounts cannot be shared among users. Each user must have their own unique NCID and password. All users must adhere to the NCID Acceptable Use Policy. Violation of the policy could result in disciplinary action, termination, loss of information resources, and criminal prosecution.

Enterprise Business Services (EBS) Platform

If you have not accessed the system or have an account that has been deactivated, you must request access to EBS using the EBS External Access Request Application, which requires an NCID account.

If you require access to EBS to create or review an application, or to manage or view an existing awarded grant, you will need to request access by following the steps:

1. Using Google Chrome, you will access the online EBS External Access Request Application found at <https://www.ebs.nc.gov/sap/crmaccess/>
2. Provide the details required by the form and submit.

3. Your authorization will be processed over the next 48 business hours. If approved, you will receive an email from sapacct@ncdot.gov. EBS Support should only be contacted after you have received this email. Please make sure your email spam filter is not blocking this email address.

Logging Into EBS

To log into EBS Grants Management Platform:

1. Login at <https://www.ebs.nc.gov/>

EBS Home Screen

Profile Settings

You can access your Profile and Settings in EBS by clicking on the person icon in the top right-hand corner of the page. This will show you the NCID that you have used to log into the system and will allow you access.

Grant Management Tiles

The EBS Home Page is organized to include the grant funder organizations that you have access to. If you have access to multiple funding organizations, you will see files for each organization. For instance, you may have access to both GCC and the Governor's Highway Safety Program (GHDP), managed by NCDOT. If so, you will have a set of "Tiles" for each organization. See below for an example of Tiles in EBS.

Application/Agreement Tile

The Application/Agreement tile allows you to:

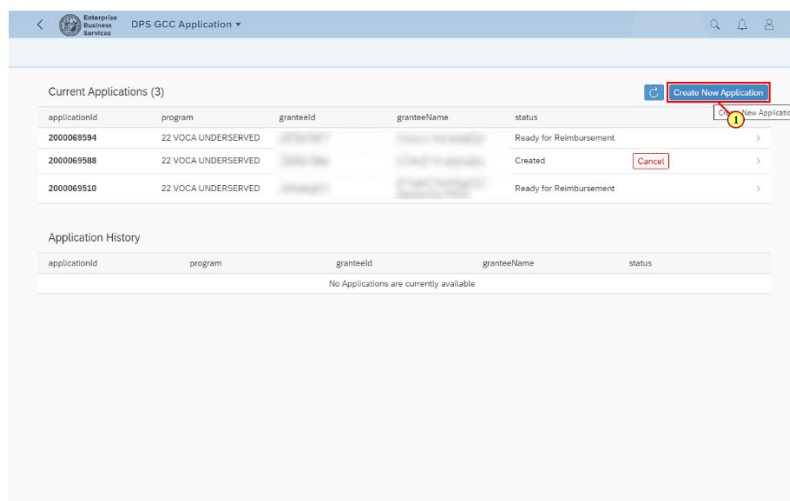

- Apply for a GCC Grant
- Check on the Status of an Application
- View details of any funded grants that are in progress (Agreements)
- View any historical applications or completed grants

Apply and Submit Application

Once logged into EBS, you may access the **EBS External User Guide** and other resources to assist with navigating the application process. The EBS External User Guide provides detailed information on the various areas of the grants management system.

In order to begin an application, follow the below steps. As with previous GCC grant applications, applicants are required to provide a complete proposal that includes a **project narrative, goals and objectives, a detailed budget, eligibility certifications, project-specific attachments**, and other necessary information as required by the individual funding source and Committee.

Once submitted, you will no longer be able to edit your application. See the screenshot below of a sample error message and save/submit buttons on an application.

Application Review/Agreements
