

GCC Subrecipient Single Audit Certification Form

Effective with fiscal years beginning on or after October 1, 2024, the Uniform Guidance requires all recipients of federal funds to have a single audit conducted when total federal award expenditures are **\$1,000,000.00** or more during a fiscal year (Subpart F – Audit Requirements).

This threshold includes federal award expenditures from all sources, not just from GCC. For this reason, this certification form should be completed by a financial official in your organization who has access to grant records for your entire organization. Your assistance is needed in completing and returning this form to GCC. Please upload the completed form to the documents section in each of your projects and send the original back with your signed grant award.
