STOP Funding Priorities

Violence Against Women Act

VAWA STOP Funding

- The STOP (Services, Training, Officers, and Prosecutors) Violence
 Against Women Formula Grant Program (STOP Program) promotes
 a coordinated, multidisciplinary approach to improving the criminal
 justice system's response to violent crimes against women.
- STOP encourages the development and strengthening of effective law enforcement and prosecution strategies to address violent crimes against women and the development and strengthening of victim services in cases involving violent crimes against women.
- STOP funding is restricted to services specific to domestic violence, dating violence, sexual assault, and stalking. Human trafficking victims who have been sexually assaulted or battered by an intimate partner can be served with STOP funds.

STOP Funding Priorities

The Office on Violence Against Women is interested in supporting the priority areas identified below. The GCC encourages applicants to develop projects that:

- Reduce violent crime against women and promote victim safety through investing in law enforcement, increasing prosecution, and promoting effective prevention.
- Empower victims to become survivors by growing them past their vulnerabilities to a place of self-sufficiency.
- Increase efforts to combat stalking.
- Address the specific challenges that rural communities face in responding to domestic violence, dating violence, sexual assault and stalking.

STOP Priority Service Areas

You will need to identify in your application ONE priority for your proposed project:

- 1) Victim Services
- 2) Law Enforcement
- 3) Prosecutors
- 4) State and Local Courts
- 5) Discretionary
 - The courts allocation must be awarded "to" state and local courts.
 - Decisions for law enforcement, prosecution, and victim services should be made based on the beneficiary of the funded activities.

Discretionary

Court Sanctioned Batterer's Intervention Programs

 As per the North Carolina Administrative Code, programs must be certified by the N.C. Council for Women and Youth Involvement.

Primary and Secondary Prevention: No more than 5% of the State's total STOP award may be used for this purpose.

- Primary prevention means strategies, programming, and activities to stop both first-time perpetration and first-time victimization. Primary prevention is stopping domestic violence, dating violence, sexual assault, and stalking before they occur.
- Secondary prevention is identifying risk factors or problems that may lead to future domestic violence, dating violence, sexual assault, or stalking and taking the necessary actions to eliminate the risk factors and the potential problem.

STOP Focus Areas

Culturally Specific and Sexual Assault

STOP Focus Area: Sexual Assault

- Projects assigned to the Victims Services, Law Enforcement,
 Prosecution and/or Courts Priority Service Areas are eligible to choose this focus area.

Only projects assigned to the Victim Services Priority Service Area are eligible to choose this Focus Area.

In order to be eligible, projects must be focused on working with racial and ethnic minorities as defined in section 1707(g) of the Public Health Service Act, which means:

- American Indians (including Alaska Natives, Eskimos, and Aleuts);
- Asian Americans;
- Native Hawaiians and other Pacific Islanders;

STOP Purpose Areas

 Any projects funded utilizing STOP funds must meet one or more of OVW's statutory purpose areas.

See RFA for the 13 identified purpose areas.

Focus and Purpose Area Selection
