The North Carolina Department of Public Safety, Division of Emergency Management (NCEM) is soliciting Bids to acquire the services of a qualified Vendor(s) to enter into pre-event contracts with Activating Entities at no immediate or annual cost to NCEM for the following services: Vendors shall provide disaster debris removal recovery services including, but not limited to, clean-up, demolition, removal, reduction and disposal of debris resulting from a natural or manmade disaster in order to eliminate immediate threats to public health and safety and assist in community disaster recovery. This is a multi-jurisdiction solicitation; however, each Activating Entity will contract directly with the awarded Vendor entirely in the Activating Entity’s sole discretion.

This Invitation for Bid, hereafter, IFB, is designed to solicit Bids from qualified Vendors for thirteen regional contracts to be awarded based on geographic regions as described below. Entities that are eligible to activate a debris removal services contract awarded pursuant to this IFB include eligible entities as outlined in 44 CFR 206.221(e) and may include the following: counties, incorporated municipalities, public school systems, community colleges, other units of government located within a geographic region, and state agencies such as the NC Department of Transportation, constituent institutions of the University of North Carolina, and other state agencies with the legal responsibility for management of state-owned property, and as indicated below, including but not limited to local roads, rights of ways, federal aid highways, state roads, government maintained public property, and/or

drainage easements, within a geographic region. Entities activating a debris removal services contract are referred to in this IFB as “Activating Entities.”

Pursuant to NCGS 166A-19.12(13), NCEM has the power as delegated by the Governor and the Secretary of the Department of Public Safety for the “Administration of federal and State grant funds provided for emergency management purposes, including those funds provided for planning and preparedness activities by emergency management agencies.” FEMA provides disaster assistance for debris removal under the Stafford Act at 42 U.S.C. 5173, 5189f, and 5170b. As the Recipient, the Public Assistance Section of NCEM “receives funding under the disaster declaration and disburses funding to approved subrecipients.” Pursuant to 44 C.F.R §206.222, Applicants for Public Assistance include:

- (a) State and local governments.
- (b) Private non-profit organizations or institutions which own or operate a private nonprofit facility as defined in § 206.221(e).

Bids shall be submitted in accordance with the terms and conditions of this IFB and any addenda issued hereto.

2.0 GENERAL INFORMATION

Quantities referenced in this document represent the best available estimates of the State’s requirements. Each disaster is unique. Therefore, nothing in this document shall be construed to prevent the State, when necessary, from soliciting bids to acquire additional debris removal services, nor shall it be construed to require the State to purchase services beyond its actual requirements.

This is a multi-vendor awarded contract to ensure the needs of the Activating Entity are met; however, no quantities are guaranteed.

2.1 INVITATION FOR BID DOCUMENT

The IFB is comprised of the base IFB document, any attachments, and any addenda released before Contract award. All attachments and addenda released for this IFB in advance of any Contract award are incorporated herein by reference.

2.2 RESERVED E-PROCUREMENT SOLICITATION

ATTENTION: This is NOT an E-Procurement solicitation. Paragraph #16 of Attachment C: North Carolina General Contract Terms and Conditions, paragraphs (b) and (c), do not apply to this solicitation.

2.3 NOTICE TO VENDORS REGARDING IFB TERMS AND CONDITIONS

It shall be the Vendor’s responsibility to read the Instructions, the IFB’s terms and conditions, all relevant exhibits and attachments, and any other components made a part of this IFB and comply with all requirements and specifications herein. Vendors also are responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this IFB.

If Vendors have questions, issues, or exceptions regarding any term, condition, or other component within this IFB, those must be submitted as questions in accordance with the instructions in Section 2.5 BID QUESTIONS. If the State determines that any changes will be made as a result of the questions asked, then such decisions will be communicated in the form of an IFB addendum. The State may also elect to leave open the possibility for later negotiation and amendment of specific provisions of the Contract that have been addressed during the question and answer period. Other than through this process, the State rejects and will not be required to evaluate or consider any additional or modified terms and conditions submitted with Vendor’s Bid. This applies to any language appearing in or attached to

the document as part of the Vendor’s Bid that purports to vary any terms and conditions or Vendors’ instructions herein or to render the Bid non-binding or subject to further negotiation. *Vendor’s Bid shall constitute a firm offer.*

By execution and delivery of this IFB Response, the Vendor agrees that any additional or modified terms and conditions, whether submitted purposely or inadvertently, shall have no force or effect, and will be disregarded. Noncompliance with, or any attempt to alter or delete, this paragraph shall constitute sufficient grounds to reject Vendor’s Bid as nonresponsive.

Any bid that contains language that indicates the bid is non-binding or subject to further negotiation before a contractual document may be signed shall be rejected.

3.0 METHOD OF AWARD AND BID EVALUATION PROCESS

3.1 METHOD OF AWARD

Contracts will be awarded in accordance with G.S. 143-52 and the evaluation criteria set out in this solicitation. Prospective Vendors shall not be discriminated against on the basis of any prohibited grounds as defined by Federal and State law. Activating entities shall enter into separate contracts with Vendors by issuing a Notice to Proceed which incorporates by reference all pricing, terms, and conditions of the contract awarded by NCEM pursuant to this IFB.

All qualified bids will be evaluated and award or awards will be made based on the qualified bid(s) offering the lowest price that meet the requirements set out herein.

While the intent of this IFB is to award a Contract(s) to Vendor(s) for all line items per Geographic Region, the State reserves the right to make separate awards to different Vendors for one or more line items, to not award any portion of

the Services or to cancel this IFB in its entirety without awarding a contract, if it is considered to be most advantageous to the State to do so. It is the State and the Activating Entity's intention to have primary, secondary, and tertiary Vendors available to appropriately respond to the magnitude of the event. Vendors may be awarded more than one region, but consideration will be paid toward capacity to ensure activation by all eligible areas would not overwhelm the Vendors resources and detrimentally effect North Carolina's recovery. Vendors cannot be awarded the hauling contract (this IFB) and the monitoring contract (a separately issued IFB) for the same geographic region as described in Section 1.0 PURPOSE AND BACKGROUND.

The status of a Vendor's E-Procurement Services account(s) shall be considered a relevant factor in determining whether to approve the award of a contract under this IFB. Any Vendor with an E-Procurement Services account that is in arrears by 91 days or more at the time of bid opening may, at the State's discretion, be disqualified from further evaluation or consideration.

The State reserves the right to waive any minor informality or technicality in bids received.

Pursuant to 2 CFR § 200.323, NCEM has conducted an independent cost analysis in conjunction with this procurement. Issuance of the Notice to Proceed constitutes Activating Entity's approval of the Method of Award as outlined herein.

3.2 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS

From the issuance date of this IFB through the date the contract is awarded, each Vendor submitting a Bid (including its representatives, sub-Vendors and/or suppliers) is prohibited from having any communications with any person inside or outside the using agency, issuing agency, other government agency office, or body (including the purchaser named above, department secretary, agency head, members of the general assembly and/or governor's office), or private entity, if the communication refers to the content of Vendor's Bid or qualifications, the contents of another Vendor's Bid, another Vendor's qualifications or ability to perform the contract, and/or the transmittal of any other communication of information that could be reasonably considered to have the effect of directly or indirectly influencing the evaluation of Bids and/or the award of the contract. A Vendor not in compliance with this provision shall be disqualified from contract award, unless it is determined in the State's discretion that the communication was harmless, that it was made without intent to influence and that the best interest of the State would not be served by the disqualification. A Vendor's Bid may be disqualified if its sub-Vendor and supplier engage in any of the foregoing communications during the time that the procurement is active (i.e., the issuance date of the procurement to the date of contract award). Only those discussions, communications or transmittals of information authorized or initiated by the issuing agency for this IFB or general inquiries directed to the purchaser regarding requirements of the IFB (prior to Bid submission) or the status of the contract award (after submission) are excepted from this provision.

3.3 BID EVALUATION PROCESS

The State shall review all Vendor responses to this IFB to confirm that they meet the specifications and requirements of the IFB.

Issuance of the Notice to Proceed constitutes Activating Entity's approval of the Bid Evaluation Process as outlined herein.

The State will conduct a One-Step evaluation of Bids:

- a) Bids will be received from each responsive Vendor according to the method of submission specified in Section 2.6 of this IFB.
- b) All Bids must be received by the issuing agency not later than the date and time specified on the cover sheet of this IFB.
- c) At that date and time, the Bid from each responding Vendor will be opened publicly and the name of the Vendor will be announced.
- d) At their option, the evaluators may request oral presentations or discussions with any or all Vendors for clarification or to amplify the materials presented in any part of the Bid. Vendors are cautioned, however, that the evaluators

are not required to request presentations or other clarification—and often do not. Therefore, all Bids should be complete and reflect the most favorable terms available from the Vendor.

- e) Bids will generally be evaluated to ensure completeness, content, and experience with similar projects, ability of the Vendor and its staff, and cost. Specific evaluation criteria are listed in 3.4 EVALUATION CRITERIA, below. Contracts will be awarded on a low-cost per Geographic Region basis; with the intent to have a primary, secondary, and tertiary Vendor to appropriately respond to the magnitude of the event.
- f) Vendors are cautioned that this is a request for offers, not an offer or request to contract, and the State reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the State.
- g) The State reserves the right to reject all original offers and request one or more of the Vendors submitting Bids to submit best and final offers (BAFOs), prepared in collaboration with the State after the initial responses to the IFB have been evaluated.
- h) The State reserves the right to reject all original offers and request one or more of the Vendors submitting Bids within a competitive range to submit a best and final offer (BAFO), based on discussions and negotiations with the State, if the initial responses to the IFB have been evaluated and determined to be unsatisfactory.
- i) Upon completion of the evaluation process, the State will make Award(s) based on the evaluation and post the award(s) to IPS under the IFB number for this solicitation. Award of a Contract to one Vendor does not mean that the other Bids lacked merit, but that the selected Vendors met the standard of responsive and responsible at a lower overall cost.

3.4 EVALUATION CRITERIA

All qualified Bids will be evaluated and award made based on whether or not the requirements listed in this IFB have been met. If all requirements have been met then the remaining Vendors will be awarded solely on a low-cost basis. Minimum requirements include, but are not limited to, completion of Attachments A1, A2, D, E, F, H and J. If additional pages are necessary to fully answer questions presented in the listed attachments, please clearly label those answers.

Vendor should have sufficient cash flow and/or available financing from a financial institution to perform the proposed contract for 60 days without receiving payment from the Activating Entity. The evaluators may randomly select any of Vendor's references, but the evaluators' reserve the right to contact all the references listed. The failure of the Vendor to list all similar contracts within the past three (3) years may result in the rejection of the Vendor's Bid. **Vendors shall disclose any instances in which prior contracts were denied FEMA reimbursement due in part or in whole to the Vendor's noncompliance.** The evaluators may check all public sources to determine whether Vendor has listed all contracts for similar work within the past three (3) years. If the evaluators determine that references for other public contracts for similar contracts were not listed, the evaluators may contact the public entities to make inquiry into Vendor's performance of those contracts. Award of a contract to one Vendor does not mean that the other Bids lacked merit.

3.5 PERFORMANCE OUTSIDE THE UNITED STATES

Vendor shall complete ATTACHMENT D: LOCATION OF WORKERS UTILIZED BY VENDOR. In addition to any other evaluation criteria identified in this IFB, the State may also consider, for purposes of evaluating proposed or actual contract performance outside of the United States, how that performance may affect the following factors to ensure that any award will be in the best interest of the State:

- a) Total cost to the Activating Entity
- b) Level of quality provided by the Vendor
- c) Process and performance capability across multiple jurisdictions
- d) Protection of the State and Activating Entity's information and intellectual property
- e) Availability of pertinent skills
- f) Ability to understand the State and Activating Entity's business requirements and internal operational culture
- g) Particular risk factors such as the security of the State and Activating Entity's information technology

- h) Relations with citizens and employees
- i) Contract enforcement jurisdictional issues

3.6 INTERPRETATION OF TERMS AND PHRASES

This Invitation for Bid serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the Department and the Activating Entity; and (2) to provide (together with other specified documents) the terms of the Contract resulting from this procurement. As such, all terms in the Invitation for Bid shall be enforceable as contract terms in accordance with the General Contract Terms and Conditions. All provisions of the North Carolina General Contract Terms and Conditions (ATTACHMENT C) and Required Elements for Utilization of Federal Funds (ATTACHMENT G) shall apply to and be incorporated by reference into a Notice to Proceed issued by an Activating Entity. References to "NCEM," "State," or "State of North Carolina" in the North Carolina General Contract Terms and Conditions and Required Elements for Utilization of Federal Funds shall also mean the Activating Entity which has issued a Notice to Proceed to Vendor(s). Vendor(s) shall be bound to the Activating Entity by all provisions in the North Carolina General Contract Terms and Conditions and Required Elements for Utilization of Federal Funds to the same extent as Vendor(s) are bound to the State under a contract awarded pursuant to this IFB. The use of phrases such as "shall," "must," and "requirements" are intended to create enforceable contract conditions. In determining whether Bids should be evaluated or rejected, the Department will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the Activating Entity's needs as described in the Invitation for Bid. Except as specifically stated in the Invitation for Bid, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement may result in the Department exercising its discretion to reject a Bid in its entirety.

4.0 REQUIREMENTS

This Section lists the requirements related to this IFB. By submitting a Bid, the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements and terms and conditions stated in this IFB. If a Vendor is unclear about a requirement or specification or believes a change to a requirement would allow for the State to receive a better Bid, the Vendor is urged and cautioned to submit these items in the form of a question during the question and answer period in accordance with Section 2.5.

4.1 CONTRACT TERM

The Contract shall have an initial term of three (3) years, beginning on the date of contract award (the "Effective Date"). This Agreement may be extended, upon agreement, for two (2) additional one (1) year periods.

4.2 PRICING

Bid price shall constitute the total cost to Activating Entity to complete performance in accordance with the requirements and specifications herein, including all applicable charges, handling, administrative and other similar fees. Vendor shall not invoice for any amounts not specifically allowed for in this IFB. Complete ATTACHMENT A.1: FEE SCHEDULE and ATTACHMENT A.2: FEE SCHEDULE – EQUIPMENT AND LABOR RATES and include both completed Fee Schedules in your Bid.

4.3 INVOICES

The Vendor must submit any and all invoices directly to the Activating Entity in accordance with Section 5.

4.4 FINANCIAL STABILITY

Each Vendor shall certify it is financially stable by completing the ATTACHMENT E: CERTIFICATION OF FINANCIAL CONDITION. 5.0 SCOPE OF WORK

Pursuant to NCGS 166A-19.12, NCEM has the power as delegated by the Governor and the Secretary of the Department of Public Safety for the “Administration of federal and State grant funds provided for emergency management purposes, including those funds provided for planning and preparedness activities by emergency management agencies.” FEMA provides disaster assistance for debris removal under the Stafford Act at 42 U.S.C. 5173, 5189f, and 5170b and at 44 CFR Part 206, including but may not be limited to, 44 CFR 206.224. Under the FEMA PA Program, the “Recipient” is the grant administrator for the funds. The “Recipient” is a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.” 2 CFR 200.86, 44 CFR 206.202, and the FEMA PA Program and Policy Guide June 1, 2020. As the Recipient, the Public Assistance Section of NCEM “receives funding under the disaster declaration and disburses funding to approved subrecipients.” FEMA PA Program Overview. Subrecipients are “the government or other legal entity to which a subgrant is awarded and which is accountable to the recipient for the use of the funds provided.” 44 CFR 206.201. The Subrecipient is the non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.” 2 CFR 200.93 and the FEMA PA Program and Policy Guide June 1, 2020. Under this IFB, NCEM is the Recipient. The Activating Entity is a Subrecipient. The Vendor is a contractor of the Activating Entity Subrecipient under this IFB.

NCEM is taking measures to ensure our communities are abundantly prepared to respond in the event of a natural or manmade disaster, or other potential events. Activation of the contract by the Activating Entity is strictly voluntary. No entity is required to purchase goods and services available under a contract awarded pursuant to this IFB; the intention is to allow entities the best available services at the best available price.

The extent and severity of the natural disasters to affect North Carolina have shown the need to have pre-positioned debris removal services contracts available for local governments and State Agencies to activate as necessary. Therefore, NCEM has developed this IFB for the Activating Entity to activate and award contracts for these services in the thirteen separate geographical regions around the state as identified previously in Section 1.0 of this IFB. The primary purposes of this IFB for regional debris removal and disposal services are to contract for:

- (1) the removal of all eligible disaster-generated debris in compliance with all applicable Federal, State, and local laws, regulations, and policies
- (2) the proper disposal of all eligible disaster-generated debris

While it is anticipated that these debris removal services will most frequently be utilized in the event of a federal or state-declared emergency or disaster, the availability of these services shall also apply for non-declared disaster

events. If the event is a non-declared disaster event, the cost of services provided during a non-declared disaster event may not receive reimbursement under the FEMA or State PA Program or FHWA.

It is a requirement of this IFB that the successful Vendor be able to provide the services set out in these bid specifications in full compliance with all State, NCEM, FEMA and FHWA guidelines and regulations and federal law and regulations applicable at the time work is performed to ensure reimbursement under the FEMA Public Assistance Program or from another federal funding source, if applicable. Any conflict with the language included in these specifications shall be construed to comply with FEMA requirements.

The Vendor will work closely throughout the project with designated Activating Entity personnel and/or the monitoring services Vendor. Both the Activating Entity and the monitoring services Vendor will provide the names, contact information, and program areas of appropriate local and monitoring services Vendor personnel.

5.1 SERVICES ACTIVATION PROCEDURES

Any Activating Entity shall be authorized under the terms of the contract between the Activating Entity's awarding authority and the successful Vendor to activate the contract in the event of a disaster within its jurisdiction warranting the need for debris removal and/or disposal activities. No entity shall be required to activate the services of the Vendor. However, in the event an entity desires to utilize the services of the Vendor, the Activating Entity will forward to the Vendor a written Notice to Proceed on a form prepared for that purpose. The Activating Entity shall provide NCEM a copy of the Notice to Proceed.

The Vendor will be required to respond to the Notice to Proceed within 24 hours of its receipt and to activate its forces as soon as weather and safety conditions allow as directed by the Activating Entity.

Once activated, the Vendor shall provide the services set out in this IFB to the extent necessary to meet the needs of the Activating Entity.

The Vendor must be able to provide the minimum services included in these bid specifications upon activation and must be prepared to place project personnel, including a project manager, in the region requested by the Activating Entity within 24 hours of receipt of the written Notice to Proceed. **Each Vendor shall include with his or her Bid Submittal Form complete and adequate contact information for transmitting the Notice to Proceed to the Vendor.** Project communication contacts for the Activating Entity shall be detailed in the Notice to Proceed delivered by the Activating Entity. The Vendor shall be responsible for coordinating with these designated representatives to ensure compliance with the 24-hour mobilization requirement is met.

Upon receipt of the Notice to Proceed but prior to commencing any debris removal or disposal activities, the Vendor shall provide the Activating Entity with a work plan for all activities to be conducted during the project. The initial work plan shall detail a 7- and 14-day projection of activities. The plan shall be updated every week throughout the project period. The Activating Entity may prioritize areas where the Vendor shall perform specified activities.

Upon activation, Vendor shall perform or participate in the Activating Entity's initial debris quantity estimating. Vendor shall use debris quantity estimates to create a work plan and establish a not-to-exceed contract price for performance of all debris removal activities required under the Notice to Proceed. A not-to-exceed contract price is required by 2 C.F.R. 200.318(j)(1). The not-to-exceed contract price shall be based on initial debris quantity estimates multiplied by the applicable pricing in Vendor's Contract awarded by NCEM. The not-to-exceed contract price shall be provided to the Activating Entity along with the work plan within 7 days of receipt of the Notice to Proceed.

All activities conducted for the Activating Entity shall be performed during daylight hours. The Vendor may work seven days per week, including holidays. However, the Activating Entity may suspend all operations due to inclement weather or unsafe conditions.

5.2 TRAINING REQUIREMENT

The Vendor shall provide all employees and contract labor, including the project manager, with adequate training concerning safety, eligibility for reimbursement, if reimbursement is available, and disaster specific information. All training shall meet State, NCEM, FEMA, and FHWA requirements, and where possible or required by State, NCEM, FEMA, or FHWA rules or regulations, shall involve personnel from either or all of these agencies. Proof of training shall be provided to the Activating Entity when responding to a Notice to Proceed. **The Vendors must demonstrate in his or her bid documents that all workers will be adequately trained prior to performing any work on the project.**

5.3 LOCATION OF DEBRIS REMOVAL SITES

The Vendor shall be required to remove debris from all areas identified by the Activating Entity as included in the Notice to Proceed and other directions from the Activating Entity. This may include the removal of debris from state roads, federal aid highways, local roads, state agency facilities or local government maintained public property, and/or drainage easements. This may also in some instances include the removal of debris from private property, but only if the disaster triggers the activation of private property debris removal (PPDR) and only if specifically authorized by the Activating Entity. The Activating Entity may limit the scope or type of debris to be removed by the Vendor. The Vendor shall not perform any work in an area that has not been specifically assigned to the Vendor by the Activating Entity.

The Vendor shall make as many passes through the locations where debris is to be removed as are necessary and as directed by the Activating Entity. Unless otherwise directed by the Activating Entity, there shall be up to three passes with a minimum of one weekend between each pass; provided, however, the Vendor shall complete each pass over all locations in the designated area prior to beginning the next pass. The Vendor shall not move from one designated work area to another designated work area without prior approval from the Activating Entity. The scheduling of passes will be coordinated and approved by the designated Activating Entity representative.

5.4 DEBRIS LOCATION SITE PREPARATION AND MANAGEMENT

The Vendor shall be responsible for all vehicular and pedestrian traffic control at all debris removal location sites, which shall be accomplished in conformance with the latest edition of the Manual on Uniform Traffic Control Devices. The Vendor shall provide all flag persons, signs, traffic control and other equipment to necessary personnel working at the site. The Vendor must demonstrate in its bid documents that they are capable of performing debris removal services in compliance with all State, FEMA, FHWA, and any applicable local guidelines and regulations and applicable federal, state and local law and regulations to any of the entities in the region for which the contract is awarded.

As there may be a need for simultaneous performance of services of the contract in more than one jurisdiction in the region at the same time, the successful Vendor must demonstrate the ability to provide each of these services simultaneously on a regional basis. The scope of services as described below shall be considered minimum standards to meet in submitting bids and/or providing services in the event the Vendor is awarded the regional debris removal services contract under this IFB.

Vendor shall demonstrate that it is experienced and knowledgeable in handling and executing disaster debris removal in compliance and consistent with the policies, publications, guidelines and regulations of the State, NCEM, FEMA,

and FHWA and all applicable federal, State and local laws and regulations in effect at the time of the work being performed. In addition to the compliance requirements above, the Vendor shall comply with requirements under **2 C.F.R. §200.321**. The awarded Vendor agrees, if subcontracts are to be utilized, to assure that minority businesses, women's business enterprises and labor surplus area firms are used when possible.

The affirmative steps must include:

No changes in scope of work or time frames for completion will be allowed except as specifically authorized in the contract executed between the Vendor and the Activating Entity and, where applicable, approved by NCEM, FEMA, and FHWA. The contract shall provide for the assessment of liquidated damages in the amount of \$5000 per calendar day for each day in which contract activities extend beyond the maximum allowable time established.

The Vendor shall be expected to mobilize and sustain its workforce in all activating jurisdictions in a region for a period of 60 days prior to any reimbursement by an Activating Entity. An Activating Entity may agree to reimburse the Vendor within a shorter time frame but shall not be contractually required to make any payments in less than 60 days. After the initial 60-day period expires, the Vendor shall be entitled to payment for the first 30 days of work performed by the Vendor in an Activating Entity after the Notice to Proceed provided the Vendor has satisfactorily performed the functions required under the contract. The Activating Entity shall have sole discretion in determining whether the work has been performed to its satisfaction. An example of the payment schedule is listed below:

- At the end of the second 30-day period, the Activating Entity remits payment for the first 30-day period if satisfactory work has been performed;

- Process continues until work is completed and all payments have been made. By submitting a bid Vendor acknowledges and accepts these terms.

Payment for work completed may be invoiced on a monthly basis after the initial 60-day period from issuance of the Notice to Proceed. Invoices shall be based on reconciled load tickets from the daily reports. All payments will be based on unit pricing submitted by the Vendor in response to this IFB.

The Vendor shall be expected to work diligently and efficiently to complete the debris removal and disposal project in any Activating Entity in the shortest time possible. The Activating Entity may withhold payments not to exceed 10% of the project value when satisfactory progress has not been achieved by the Vendor during any period for which a payment is due. Additionally, the Activating Entity shall recover from the Vendor any costs caused by the acts or omissions of the Vendor or his or her agents.

The Activating Entity may also withhold payment or final payment for reasons including, but not limited to the following:

- (1) unsatisfactory job performance or progress,
- (2) defective or disputed work,
- (3) failure to comply with material provisions of the contract,
- (4) third party claims filed,
- (5) damage to the Activating Entity's right of way or other Activating Entity-maintained properties, or
- (6) reasonable evidence that a claim will be filed.

ATTACHMENT B: INSTRUCTIONS TO VENDORS

1. **READ, REVIEW AND COMPLY by SIGNING:** It shall be the Vendor's responsibility to read this entire document, review all enclosures and attachments, and any addenda thereto, and comply with all requirements specified herein, regardless of whether appearing in these Instructions to Vendors or elsewhere in this IFB document.
2. **LATE BIDS:** Late Bids, regardless of cause, will not be opened or considered, and will automatically be disqualified from further consideration. It shall be the Vendor's sole responsibility to ensure the timely submission of Bids.
3. **ACCEPTANCE AND REJECTION:** The State reserves the right to reject any and all Bids, to waive any informality in Bids and, unless otherwise specified by the Vendor, to accept any item in the Bid.
4. **BASIS FOR REJECTION:** Pursuant to 01 NCAC 05B .0501, the State reserves the right to reject any and all offers, in whole or in part, by deeming the offer unsatisfactory as to quality or quantity, delivery, price or service offered, non-compliance with the requirements or intent of this solicitation, lack of competitiveness, error(s) in specifications or indications that revision would be advantageous to the State, cancellation or other changes in the intended project or any other determination that the proposed requirement is no longer needed, limitation or lack of available funds, circumstances that prevent determination of the best offer, or any other determination that rejection would be in the best interest of the State.
5. **EXECUTION:** Failure to execute page 1 of the IFB (Execution Page) in the designated space shall render the Bid non-responsive, and it will be rejected.
6. **ORDER OF PRECEDENCE:** In cases of conflict between specific provisions in this solicitation or those in any resulting contract documents, the order of precedence shall be (high to low) (1) any special terms and conditions specific to this IFB, including any negotiated terms; (2) requirements and specifications and administration provisions in Sections 4, 5 and 6 of this IFB; (3) North Carolina General Contract Terms and Conditions in ATTACHMENT C: NORTH CAROLINA GENERAL CONTRACT TERMS AND CONDITIONS; (4) Instructions in ATTACHMENT B: INSTRUCTIONS TO VENDORS; (5) ATTACHMENT A: PRICING, and (6) Vendor's Bid.
7. **INFORMATION AND DESCRIPTIVE LITERATURE:** Vendor shall furnish all information requested in the spaces provided in this document. Further, if required elsewhere in this Bid, each Vendor shall submit with its Bid any sketches, descriptive literature and/or complete specifications covering the products and Services offered. Reference to literature submitted with a previous Bid or available elsewhere will not satisfy this provision. Failure to comply with these requirements shall constitute sufficient cause to reject a Bid without further consideration.
8. **RECYCLING AND SOURCE REDUCTION:** It is the policy of the State to encourage and promote the purchase of products with recycled content to the extent economically practicable, and to purchase items which are reusable, refillable, repairable, more durable and less toxic to the extent that the purchase or use is practicable and cost-effective. We also encourage and promote using minimal packaging and the use of recycled/recyclable products in the packaging of commodities purchased. However, no sacrifice in quality of packaging will be acceptable. The Vendor remains responsible for providing packaging that will adequately protect the commodity and contain it for its intended use. Vendors are strongly urged to bring to the attention of purchasers those products or packaging they offer which have recycled content and that are recyclable. As required by the Resource Conservation and Recovery Act of 1976 (42 U.S.C. 6962(c)(3)(A)(i)) the Vendor certifies, by signing this offer that the percentage of recovered materials content for EPA-designated items to be delivered or used in the performance of the contract will be at least the amount required by the applicable contract specifications or other contractual requirements.

4. **TAXES:** Any applicable taxes shall be invoiced as a separate item.

All containers/packaging shall be suitable for handling, storage or shipment.
9. **INTELLECTUAL PROPERTY WARRANTY AND INDEMNITY:** Vendor shall hold and save the State, its officers, agents and employees, harmless from liability of any kind, including costs and expenses, resulting from infringement of the rights of any third party in any copyrighted material, patented or patent-pending invention, article, device or appliance delivered in connection with The Contract.
- a. Vendor warrants to the best of its knowledge that:
 - i. Performance under The Contract does not infringe upon any intellectual property rights of any third party; and
 - ii. There are no actual or threatened actions arising from, or alleged under, any intellectual property rights of any third party;
 - b. Should any deliverables supplied by Vendor become the subject of a claim of infringement of a patent, copyright, trademark or a trade secret in the United States, the Vendor, shall at its option and expense, either procure for the State the right to continue using the deliverables, or replace or modify the same to become non-infringing. If neither of these options can reasonably be taken in Vendor's judgment, or if further use shall be prevented by injunction, the Vendor agrees to cease provision of any affected deliverables and refund any sums the State has paid Vendor and make every reasonable effort to assist

the State in procuring substitute deliverables. If, in the sole opinion of the State, the cessation of use by the State of any such deliverables due to infringement issues makes the retention of other items acquired from the Vendor under this Agreement impractical, the State shall then have the option of terminating the Agreement, or applicable portions thereof, without penalty or termination charge; and Vendor agrees to refund any sums the State paid for unused Services or Deliverables.

- c. The Vendor, at its own expense, shall defend any action brought against the State to the extent that such action is based upon a claim that the deliverables supplied by the Vendor, their use or operation, infringes on a patent, copyright, trademark or violates a trade secret in the United States. The Vendor shall pay those costs and damages finally awarded or agreed in a settlement against the State in any such action. Such defense and payment shall be conditioned on the following:
 - i. That the Vendor shall be notified within a reasonable time in writing by the State of any such claim; and
 - ii. That the Vendor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise provided, however, that the State shall have the option to participate in such action at its own expense.
- d. Vendor will not be required to defend or indemnify the State if any claim by a third party against the State for infringement or misappropriation results from the State's material alteration of any Vendor-branded deliverables or services, or from the continued use of the deliverable(s) or Services after receiving notice of infringement on a trade secret of a third party.

10. TERMINATION FOR CONVENIENCE: If this contract contemplates deliveries or performance over a period of time, the State may terminate this contract at any time by providing 15 days' notice in writing from the State to the Vendor. In that event, any or all finished or unfinished deliverables prepared by the Vendor under this contract shall, at the option of the State, become its property. If the contract is terminated by the State as provided in this section, the State shall pay for those items for which such option is exercised, less any payment or compensation previously made.

11. ADVERTISING: Vendor agrees not to use the existence of The Contract or the name of the State of North Carolina as part of any commercial advertising or marketing of products or Services. ACCESS TO PERSONS AND RECORDS: During and after the term hereof, the State Auditor and any using agency's internal auditors shall have access to persons and records related to The Contract to verify accounts and data affecting fees or performance under the Contract, as provided in G.S. 143-49(9).

13. ASSIGNMENT: No assignment of the Vendor's obligations nor the Vendor's right to receive payment hereunder shall be permitted.

- a) Forward the Vendor's payment check directly to any person or entity designated by the Vendor, and
- b) Include any person or entity designated by Vendor as a joint payee on the Vendor's payment check.

In no event shall such approval and action obligate the State to anyone other than the Vendor and the Vendor shall remain responsible for fulfillment of all Contract obligations. Upon advance written request, the State may, in its unfettered discretion, approve an assignment to the surviving entity of a merger, acquisition or corporate reorganization, if made as part of the transfer of all or substantially all of the Vendor's assets. Any purported assignment made in violation of this provision shall be void and a material breach of The Contract.

Such insurance coverage shall be obtained from companies that are authorized to provide such coverage and that are authorized by the Commissioner of Insurance to do business in North Carolina. The Vendor shall at all times comply with the terms of such insurance policies, and all requirements of the insurer under any such insurance policies, except as they may conflict with existing North Carolina laws or The Contract. The limits of coverage under each insurance policy maintained by the Vendor shall not be interpreted as limiting the Vendor's liability and obligations under the Contract.

15. GENERAL INDEMNITY: The Vendor shall hold and save the State, its officers, agents, and employees, harmless from liability of any kind, including all claims and losses accruing or resulting to any other person, firm, or corporation furnishing or supplying work, Services, materials, or supplies in connection with the performance of The Contract, and from any and all claims and losses accruing or resulting to any person, firm, or corporation that may be injured or damaged by the Vendor in the performance of The Contract and that are attributable to the negligence or intentionally tortious acts of the Vendor provided that the Vendor is notified in writing within 30 days from the date that the State has knowledge of such claims. ATTACHMENT G: REQUIRED ELEMENTS FOR UTILIZATION OF FEDERAL FUNDS

To the extent applicable, the following are the requirements that Vendor must agree to in order to be awarded any contract under this IFB. If Vendor is unwilling to meet any of these requirements, Vendor's submittal shall not be considered.

1. **No governmental non-competes.** Vendor shall not impose or enforce any non-competition agreement upon the employees included in Vendor's bid that would prevent those employees from accepting any offer of employment from the State of North Carolina outside of the first Term of the Contract. By executing this IFB the Vendor affirms this condition, as directed in the VENDOR EXPERIENCE SECTION 4.5 section of this IFB. This affirmation is a material condition for the State's award of any work under this IFB.
2. **Program Monitoring.** Vendor agrees to assist and cooperate with the Federal grantor agency and NCEM or their duly designated representatives in the monitoring of the project or projects to which this contract relates, and to provide in form and manner approved by NCEM such monitoring reports, progress reports, and the like as may be required and to provide such reports at the times specified.
3. **Termination for Cause.** If through any cause, Vendor shall fail to fulfill in a timely or proper manner any obligations under this Contract, or if Vendor shall violate any of the covenants, agreements, or stipulations of the Contract, NCEM shall thereupon have the right to terminate this Contract by giving written notice to Vendor of such termination and specifying the effective date of such termination. Unless a shorter time is determined by NCEM to be necessary, NCEM shall effect termination according to the following procedure:
 - a. **Notice to Cure.** NCEM shall give written notice of the conditions of default, setting for the ground or grounds upon which such default is declared ("Notice to Cure"). The Vendor shall have ten (10) days from receipt of the Notice to Cure or any longer period that is set forth in the Notice to Cure to cure the default.
 - b. **Notice of Termination.** If the conditions set forth in the Notice to Cure are not cured within the period set forth in the Notice to Cure, NCEM may terminate the Contract, in whole or in part. NCEM shall give the Vendor written notice of such termination ("Notice of Termination"), specifying the applicable provision(s) under which the Contract is terminated and the effective date of the termination.
 - c. In such event, all finished or unfinished documents, data, studies, and reports prepared by Vendor entitle Vendor's receipt of just and equitable compensation for any satisfactory work completed on such documents. Notwithstanding the above, Vendor shall not be relieved of liability to NCEM for damage sustained to NCEM by virtue of any breach of this Contract by Vendor. NCEM may withhold any payments to Vendor for the purpose of set off until such time as the exact amount of damages due NCEM from Vendor is determined.
4. **Funding Contingency.** The awarded Contract may be suspended and/or terminated without liability to the State and NCEM is under no obligation to make any payments to the Vendor.
5. **Equal Employment Opportunity.** During the performance of this contract, the Vendor agrees as follows:
 - a. The Vendor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Vendor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or

termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Vendor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- b. The Vendor will, in all solicitations or advertisements for employees placed by or on behalf of the Vendor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- c. The Vendor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Vendor's legal duty to furnish information.
- d. The Vendor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Vendor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- e. The Vendor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- f. The Vendor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- g. In the event of the Vendor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Vendor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- h. The Vendor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor vendor. The Vendor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Vendor becomes involved in, or is threatened with, litigation with a subcontractor vendor as a result of such direction by the administering agency, the Vendor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Vendors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Vendor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Vendors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings

ATTACHMENT I: STUMP CONVERSION TABLE

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.

46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up fromground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"
