

BRIC 2020, City of Menlo Park, Menlo Park SAFER Bay Project

Status: Submitted to
FEMA

Community

Please provide the following information. If the Congressional district number for your community does not display correctly, please contact your State NFIP coordinator.

Add Communities

Please find the community(ies) that will benefit from this mitigation activity by clicking on the Find communities button. If needed, modify the Congressional District number for each community by entering the updated number under the U.S. Congressional District column for that community. When finished, click the Continue button. NOTE: You should also notify your State NFIP coordinator so that the updated U.S. Congressional District number can be updated in the Community Information System (CIS) database.

Community name	County code	CID number	CRS community	CRS rating	U.S. Congressional District
ATHERTON, TOWN OF	081	060312	N		18
BELMONT, CITY OF	081	065016	N		14
EAST PALO ALTO, CITY OF	081	060708	Y	7	14
MENLO PARK, CITY OF	081	060321	N		14, 18
PALO ALTO, CITY OF	085	060348	Y	6	18
REDWOOD CITY, CITY OF	081	060325	N		14, 18
SAN CARLOS, CITY OF	081	060327	Y	9	14

Please provide any additional comments below (optional).

As of October 1, 2020 the City of Menlo has received certification in the Community Rating System (CRS) with a Class 8 rating.

This information is missing from the Community Information System database. Documentation attached. The Community Information System (CIS) database contained incorrect U.S. Congressional District data for the City of Menlo Park. The majority of the City of Menlo Park is located within Congressional District 18 represented by Congresswoman Anna Eshoo. The project location is within Congressional District 14 represented by Congresswoman Jacki Speier. Documentation attached. The proposed mitigation activity will provide 100-year coastal flood protection and sea level rise adaptability for the Pacific Gas and Electric Company transmission-level substation located in Menlo Park. By protecting this transmission-level substation from potential flooding, the project will prevent the loss of electrical service to communities over a large geographical impact area beyond the borders of Menlo Park, including East Palo Alto, Palo Alto, Redwood City, San Carlos, Belmont, Atherton, and the North Fair Oaks area of unincorporated San Mateo County. These communities are recognized as benefitting from the mitigation activity and supporting documentation showing the PG&E service outage area is attached. Additionally, the Community Information System (CIS) database contained incorrect U.S. Congressional District data for all communities, which has been corrected.
