Introduction

- 1) Multi-County Programs are defined as Programs administered by a single agency with a single revenue and expenditure budget and that contract for services using a Juvenile Crime Prevention Council program agreement with two (2) or more counties. Those individual program agreements meet all requirements for county participation in the Juvenile Crime Prevention Council fund.
- 2) Multi-County Programs can now input these single revenue and expenditure budgets into NC ALLIES, by generating a Multi-County Program Agreement that links all participating counties.
- 3) Multi-County Program Agreements are available in NC ALLIES for Program Applications/Agreements starting with 2020-21 fiscal year. **Agencies interested in completing a Multi-County Program Agreement in NC ALLIES must contact their Area Consultant before proceeding.**
- 4) A new security role, **Multi County Agreements Create and Administer**, has been created and will be assigned to the designated individual that will be responsible for creating the Multi-County Program Agreements.
- 5) These users will also be responsible for creating and maintaining the Multi-County Groups, by adding and/or deleting other programs as a part of the group.
- 6) Multi-County Program Agreements can only be created for the following funding sources:
 - JCPC Funds
 - Intensive Intervention

- 7) The Multi-County Program Agreement will consist of:
- Master Program, along with its Program Agreement information, including Budget Narrative and Sources of Program Revenue
 - One or more other Program(s), along with its Program Agreement information, including Budget Narrative and Sources of Program Revenue
 - Multi-County Budget Narrative and Multi-County Sources of Revenue

- 8) Each Program, including the Master Program, must continue to submit the Program Application individually for JCPC, County, and DPS approval, just as they currently do.

Note: *For new Multi-County users, at the time a Multi-County Group is to be created, at least the Master county Program Agreement will have to be in Pending Submission or Returned status in order for the Multi County Create link to be viewed.*

Create a Multi-County Group

- 1) All users with the **Multi County Agreements Create and Administer** role shall identify the Master program, which will 'own' the Master budget.
- 2) Once the Master Program has been identified, the user should navigate to the Program Application Information screen. A new *Create Multi-County Group* link has been added.
