Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

The PREA audit of the Morrison Correctional Institution (Morrison CI) was conducted on January 24-25, 2019 by Dorothy Xanos, US DOJ Dual Certified PREA Auditor. The audit begins with the notification of the on-site audit that was posted by December 12, 2018, six weeks prior to the date of the on-site audit. The facility's last PREA audit was on January 14, 2016. The posting of the notices were verified during the tour and verified by photographs received on the USB flash drive from the Correctional Captain II/ PREA Compliance Manager (PCM). The photographs indicated notices were posted in various locations throughout the facility (both compounds) including the administration building, (2) dining halls, chapel, visitation area, medical area, eight (8) housing units and restrictive housing. This auditor did not receive any communication from the staff or from inmates as a result of the posted notices. The Pre-Audit Questionnaire, policies, procedures, and supporting documentation for all forty-three (43) standards were received by December 26, 2018. The documentation was uploaded to a USB flash drive and it was organized, highlighted and easy to navigate, however the information in regard to the Pre-Audit Questionnaire and supporting documentation did not sufficiently address sixteen (16) standards. The supporting documentation for the sixteen (16) standards was provided to this auditor during the on-site and after the on-site visit to the facility.

A conference call was conducted prior to the site visit with the Correctional Facility Administrator and Correctional Captain II/PREA Compliance Manager (PCM) to review the schedule and discuss the information to be sent to this auditor prior to the site visit. The Correctional Captain II/PCM sent the documentation to this auditor prior to arrival to the facility. Also a number of supporting documents were provided during the on-site visit to address the deficiencies and are summarized in this report under the related standards.

The on-site audit was conducted on January 24-25, 2019. An entrance briefing was conducted with the Correctional Facility Administrator, Correctional Assistant Superintendent IV and Correctional Captain II/PREA Compliance Manager (PCM). During the entrance briefing, it was explained the audit process and a tentative schedule for two (2) days to include conducting interviews with the staff and inmates and reviewing the documentation. A complete guided tour of the entire facility (both compounds) was conducted including the administrative and program offices, multipurpose areas, kitchen/dining areas, visitation area, (2) education & vocation areas, (2) gymnasiums, medical area, chapel, (8) housing units, (2) clothes houses, twenty (20) single cell restrictive housing unit medium custody inmates and twelve (12) single cell restrictive housing unit minimum custody inmates. During the tour of both compounds, there were blind spots identified in the science room, library, dry storage in kitchen area, cooler/freezer, (3) classrooms and one (1) hallway located in the minimum custody school building. This was corrected after the on-site visit, and this auditor was provided with the documentation (pictures) confirming the correction had been completed.

Also during the tour of both compounds, inmates were observed to be under constant supervision of the staff while involved in various activities. The facility was clean and well maintained. Notification of

the PREA audit was posted in all locations throughout the facility as well as postings informing inmates of the telephone numbers to call and report sexual abuse and harassment and to call the victim advocate for emotional support services but the information was limited. This auditor reviewed the log books that contained PREA related documentation (unannounced rounds) and observed cameras and the video surveillance system which enhances their capabilities to assist in monitoring blind spots and the review of incidents. There were no cameras installed in the shower/toileting area so inmates are not seen on the surveillance system while showering or toileting, but can be viewed by male staff as they supervise the shower area. During the facility tour of both compounds, it was observed that all shower/bathroom areas in the housing units did allow for privacy, except for one (1) dormitory located in medium custody. This was corrected and one set of bunk beds was removed from the area to allow for privacy in the bathroom area. Also, in the same dormitory additional time was allotted during the inmate's shower time. This was corrected after the on-site visit, and this auditor was provided with the documentation (pictures) confirming the correction had been completed by the Correctional Captain II/PCM. Also, a memorandum was provided to advise the change of the inmate's shower time.

During the two (2) day on-site visit, there were a total of three hundred and ninety-four (394) medium custody inmates and one hundred and eighty-five (185) minimum custody inmates in the facility. Forty (40) inmates were randomly selected from all eight (8) housing units and restrictive housing (minimum & medium custody) with an inmate list provided by the Correctional Captain II/PCM for the interview process. However, fourteen (14) inmates were formally and informally interviewed and the other twenty-six (26) inmates declined to see this auditor. There was one (1) inmate who met one (1) of the identified categories from the required list of targeted inmate interviews. The required category is inmate who identified as inmate who is Limited English Proficient (LEP). The facility did not have any other inmates identified in the other required categories i.e. Lesbian, Gay or Bi-sexual, Transgender or Intersex; inmate with a cognitive disability; youthful inmate; inmate in restricted housing for high risk of sexual victimization, physical disability (Blind, Deaf or Hard of Hearing), who reported sexual abuse, and who reported sexual victimization during risk screening. All inmate interviews indicated they were well informed of their right to be free from sexual abuse and sexual harassment and how to report sexual abuse and sexual harassment using several ways of communication such as trusted staff, administrative staff, the hot line and the grievance process.

The community victims' advocacy service and telephone number is available to the inmates located in the housing units. There is evidence of Morrison CI's Correctional Facility Administrator obtaining a Memorandum of Understanding with the New Horizon's Life & Family Services dated 8/29/18 to provide free confidential crisis intervention and emotional support related to sexual abuse or assault inmates and any inmate seeking services calling the toll-free telephone number and forensic medical examinations at no financial cost to the victim. First Health Moore Regional Hospital (SANE certified) provides the emergency services at no financial cost to the victim. Also, this auditor interviewed via telephone a representative from New Horizon's Life & Family Services during the on-site visit. She indicated there had been one (1) call from an inmate in the past twelve (12) months requesting emotional support services related to a fear of sexual abuse that may occur at the facility. This was reported to the Correctional Captain II/PCM which was investigated with an unfounded outcome.

Forty-one (41) staff from both medium and minimum custody were formally interviewed including (21) staff from both shifts (supervisory and floor staff), (3) medical and mental health staff, (1) first responder, (1) staff supervising restrictive housing, (3) volunteer/contractor, Correctional Facility Administrator, Correctional Captain II/PCM & monitoring retaliation, (1) staff charged with monitoring retaliation, (2) upper level management, human resources, facility investigator, (3) risk screening and intake staff, and incident review team staff were interviewed during the two (2) days of the on-site visit and several days after the on-site visit. Additionally, interviews were conducted via telephone with the NCDPS Secretary's representative and NCDPS PREA Coordinator prior to the on-site visit. Overall, the

interviews revealed the staff is knowledgeable of the PREA standards and were able to articulate their responsibilities and their mandated duty to report.

At the end of the second day, an exit briefing with a summary of the findings was conducted with the Correctional Facility Administrator and Correctional Captain II/PREA Compliance Manager. At the exit debriefing, it was discussed additional documentation was required for six (6) standards and it was determined this information would be sent to this auditor within the next three (3) weeks to be in compliance with all the PREA standards. The requested information was sent to this auditor by the Correctional Captain II/PREA Compliance Manager prior to the submission of this report. This auditor reviewed all requested information and this facility is in full compliance with the PREA Standards.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 and approved by the Director of Prisons; Policy A.0200 (Conduct of Employees) and the NC General Statute 14-27.31 (Intercourse and sexual offenses with certain victims; consent no defense) outlines how each facility implements its approach to preventing, detecting and responding to all approaches of sexual abuse and sexual harassment, and will not tolerate any fraternization or sexual misconduct including the definitions of prohibited behaviors as well as sanctions for staff, contractors, volunteers and inmates who had violated those prohibitions. Additionally, the policy provided comprehensive guidelines and a training foundation for implementing each facility's approach to include the zero tolerance towards reducing and preventing sexual abuse and harassment of inmates. NCDPS's PREA Office has also required each facility administrator/superintendent state wide to designate at their facility a primary and an alternate PREA Compliance Manager.

NC Department of Public Safety has a designated PREA Coordinator, her official title is PREA Director and reports directly to the NCDPS Chief Deputy Secretary of Professional Standards, Policy and Planning. The PREA Director works statewide to implement the PREA Standards and indicated she has sufficient time and authority to develop, implement and oversee the agency's efforts toward PREA compliance of over sixty-nine (69) facilities with the support of the Department. The PREA Director is responsible for coordinating comprehensive PREA responses including technical and administrative guidance, creation of supporting policies and practices, interpretation relative to PREA implementation,

design and modification of training, programming, investigation and analysis, ensuring proper reporting, trend evaluation and provision of recommendations for improvement and compliance.

The Morrison CI's Correctional Facility Superintendent completed a memorandum on February 2, 2018 to the NCDPS PREA Office, his designation of the Correctional Captain II and Correctional Lieutenant as his primary and alternate PREA Compliance Managers. Morrison CI's PREA Compliance Manager during her interview indicated she had sufficient time and authority to develop, implement and oversee the facility's PREA compliance efforts to comply with the PREA standards. Both the agency's and the facility's organizational chart supports the requirement of this standard.

Based on the randomly selected and specialized staff and inmate interviews, the extensive staff training, the resources available to the facilities, it is evident, the executive administration has taken the PREA Standards to another level and it is reflected in their commitment to protecting the inmates in their care throughout the State of North Carolina. Also, during the tour of the facility, the observation of bulletin boards, posters, reviews of staff and inmate handbooks, training curriculums confirmed the facility's commitment and dedication to create a PREA compliant culture. The facility has PREA reference binders that are located in the housing units of the facility that contain the reporting process and forms for the facility staff in the event of an incident. Overall, this auditor has determined the agency and the facility have substantially exceeded the requirements of this standard based on the above information.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.1600 (Management of Security Posts) and NC General Statute 143B -709 (Security Staffing) effective 7/10/13 and Morrison CI's SOP #0100 (Post Orders – Shift Captain) effective 7/10/18; SOP #.0200 (Post Orders – Unit Manager); SOP #.0300 (Post Orders – Shift Lieutenant); SOP #.0400 (Post Orders – Assistant Unit Manager); SOP #.0500 (Post Orders – Medium Custody Sergeants) and SOP #.0510 (Post Orders – Minimum Custody Sergeants) effective 10/21/13 contained the required information identifying requirements for the facility to develop a staffing plan to provide for departmental adequate staffing levels to ensure the safety and custody of inmates against sexual abuse or sexual harassment, physical plant, video monitoring, and addressed all eleven (11) categories as identified per the standard. Additionally, the policies contained information identifying the facility shall comply with staffing requirements including exigent circumstances and supervisory staff conducting unannounced rounds on a daily basis during all shifts documenting the information in unit log books, log sheets and daily shift narratives that contains observations of all areas of the facility. The facility must document and justify all deviations from the staffing plan. The NCDPS's PREA Office staff complete a yearly staffing plan for all facilities statewide.

This review shall assess, determine, and document whether adjustments are needed to the facility's established staffing plan, the facility's deployment of video monitoring systems and other monitoring technologies and the resources the facility has available to commit to ensure adherence to the staffing plan. Identified the requirement of unannounced rounds to be conducted by an intermediate-level and higher-level supervisors and conduct these unannounced rounds on a daily basis. These unannounced rounds must be conducted during all shifts. Supervisors are prohibited from notifying staff of

unannounced rounds. Staff assigned to any post is prohibited from alerting other employees that a Supervisor is conducting rounds to identify and deter sexual abuse and sexual harassment.

Documentation indicated the staffing plan is reviewed on an annual basis and the facility does not have any deviations from the staffing plan during the past twelve (12) months, their critical positions are always filled, it is a mandate. The Morrison CI's is Correctional Facility Administrator's interview and documentation confirmed he is responsible to conduct an annual review of the staffing plan to ensure all areas were addressed including components such as the facility's physical plant, composition of the inmate population, number and placement of supervisory staff, programming schedules, video monitoring, training, to name a few. He conducts daily reviews of the Staffing Rosters for deviations, as well as making regular rounds, unannounced rounds and daily shift narratives. The Correctional Captain II/PCM and higher level staff interviews indicated that unannounced rounds are conducted on a daily basis on all shifts in all areas of the facility to observe staff and inmate interactions, isolated areas, and deter staff from sexual abuse and sexual harassment. The unannounced rounds are documented in the daily shift narratives and post entry logbooks.

During the facility tour, this auditor observed and reviewed the post entry logbooks, where unannounced rounds were documented including the staff identification, date and time. Also, a review of the samples provided by the facility of random dates and random housing units showed that there is a minimum of one (1) unannounced round conducted weekly by upper or middle management staff; however the majority show unannounced rounds conducted daily. In addition, during the facility tour, there were six (6) areas (science classroom, library, kitchen & dry storage areas, three classrooms, and minimum custody education area) identified as having blind spots. A procedure will need to be implemented as to how these areas will be supervised or utilizing some form of enhanced supervision. Since the initial review and on-site visit, these areas were corrected and this auditor was provided with documentation (pictures) confirming the corrections had been completed. The Correctional Captain II/PCM sent the documentation to this auditor prior to the submission of this report.

Therefore, based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 identified the requirement that a youthful inmate shall not be placed in a housing unit in which the youthful inmate will have sight, sound, or physical contact with any adult inmate through use of a shared dayroom or other common space, shower area, or sleeping quarters. Direct supervision by facility staff is required at all times when a youthful inmate and an adult inmate has sight, sound, or physical contact with one another. NCDPS provides specialized housing arrangements for youthful inmates to meet the requirements of this standard. Exigent circumstances may require removal to a special housing unit or restrictive housing unit at those institutions operating under the restrictive housing program. Morrison CI's Correctional Facility Administrator and Correctional Captain II/PCM interviews and documentation confirmed the facility does not house youthful inmates under the age of eighteen.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.0100 (Operational Searches); Policy F.1600 (Management of Security Posts) effective 7/10/13 and Health Services Policy and Procedure TX I-13 (Evaluation and Management of Transgender Offenders) effective 8/2018 requires that inmates shall be permitted to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incident to routine dormitory checks. Requires cross gender frisk searches of transgender and intersex inmates will be conducted in a professional and respectful manner and in the least intrusive manner consistent with security needs. Requires that the opposite gender staff shall announce their presence when entering an inmate housing unit. Also, the policy indicated any cross-gender searches are required to be documented.

The NCDPS PREA Office in its "Campaign of Awareness" sent a memorandum dated April 22, 2013 to all Directors and Managers on the development of a Cross Gender bulletin board document and announcement to be displayed and shared to all staff. There is a requirement for all staff to sign and date the "Cross Gender Announcement and Acknowledgment" form acknowledging their completion of the orientation and limitations to cross gender viewing and searches. A transgender or intersex inmate shall not be searched or physically examined for the sole purpose of determining the inmate's genital

status. If genital status is unknown, it allows for determination through inmate conversations, review of medical records, or if necessary, by learning that information as a part of a broader medical examination conducted in private by a medical practitioner.

Random staff and inmate interviews indicated that staff of the opposite gender entering the housing units would consistently announce themselves. A review of the training documentation (curriculum and staff rosters) and staff interviews confirmed the annual training on pat down searches, cross-gender pat searches and searches of transgender and intersex inmates are conducted in a respectful and professional manner and prohibiting cross-gender strip or cross-gender visual body cavity searches of inmates. All staff interviews were able to describe what an exigent circumstance would be and were knowledgeable of the procedures for securing authorization to conduct such a search as well as the requirements for justifying and documenting those searches.

Random staff and inmate interviews confirmed inmates are able to shower, perform bodily functions and change clothing without non-medical staff of the opposite gender viewing them. Staff interviews identified the NCDPS policy on prohibiting staff from searching or physically examining a transgender or intersex inmate for the purpose of determining that inmate's genital status. During the facility tour of both compounds, it was observed that all shower/bathroom areas in the housing units did allow for privacy, except for one dormitory. This was corrected and one set of bunk beds was removed from the area to allow for privacy in the bathroom area. Also, in the same dormitory additional time was allotted during their shower time. There has been no cross-gender pat down searches, cross-gender strip or cross-gender visual body cavity searches of inmates at the facility in the past twelve (12) months. Also, there have been no exigent circumstances of cross-gender pat down, strip or visual body cavity searches conducted of inmates at the facility in the past twelve (12) months.

After the on-site visit, the Correctional Captain II/PCM sent the appropriate supplemental documentation (pictures) to this auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report. Also, a memorandum was provided to advise the change of the inmate's shower time.

Based on the review of the agency policy and procedures, observations and information obtained through staff and inmate interviews, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015; Policy E.1800 (Non English Speaking Inmate Program) and Policy E.2600 (Reasonable Accommodations for Inmate with Disabilities) effective date 9/5/13 contained procedures to be taken to ensure inmates with disabilities or who are limited English proficient have an equal opportunity to participate in or are provided meaningful access to all aspects of the facility's efforts to prevent, protect and respond to sexual abuse and sexual harassment. Efforts shall include the use of interpreters, written material, or other formats or methods that ensure effective communication with inmates disabilities, including inmates who have intellectual disabilities, limited reading skills, who are blind or have low vision, deaf, or are Limited English Proficient. Also, the policy prohibits any facility to rely on inmate interpreters, inmate readers or any kind of inmate assistants except in limited circumstances when an extended delay in obtaining interpreter's services could compromise an inmates' safety, the performance of first-responder duties or the investigation of the inmate's allegations.

NCDPS has established a contract with Linguistica International, Inc. for statewide services to provide residents with disabilities and inmates who are limited English proficient with various interpreter services on an as needed basis. There are postings throughout the facility in English and both admission and program staff have access to interpreter services. Staff training documentation, brochure, and inmate PREA orientation packet contained information on providing appropriate explanations regarding PREA to inmates based upon their individual needs. The facility's intake staff provides the PREA education at intake and during orientation. Random staff interviews indicated the PREA education is provided in a

manner to ensure the inmate comprehends the material and it is read during the intake process. NCDPS created a PREA brochure for the purposes of educating inmates which includes information on suspicious behavior, reporting, prevention strategies, making false claims, sexual misconduct definitions, and retaliation. This brochure is available in English and Spanish.

Random staff interviews indicated minimal knowledge of the outside agencies providing services to the facility but indicated they would not rely on the use of inmate assistants in relation to reporting allegations of sexual abuse or sexual harassment except in limited circumstances when an extended delay in obtaining interpreter's services could compromise an inmates' safety, the performance of first-responder duties or the investigation of the inmate's allegations. In the past twelve (12) months, the facility did not have any instances of inmate interpreters or readers being used for reporting allegations of sexual abuse or sexual harassment.

After the on-site visit, all staff were re-trained on interpreter services provided at the facility and the process on how to obtain these services. Also, the facility's handbook and the postings were updated to reflect the information in Spanish on how to obtain emotional support services and any other general facility information (i.e. medical services). The Correctional Captain II/PCM sent the appropriate supplemental documentation to this auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Based on the review of the agency policy and procedures, observations and information obtained through staff and inmate interviews, review of documentation, and the follow-up documentation, the facility has demonstrated compliance with this standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 and the Addendum to the Administrative Memorandum 10-2013 from the PREA Office prohibits NCDPS staff to hire or promote anyone for a position that may have inmate contact who has been engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution; convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or civilly or administratively adjudicates to have engaged in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse. NCDPS shall consider any incidents of sexual abuse in determining whether to hire or promote anyone who may have contact with incarcerated inmates. All background checks are conducted initially on new employees, current and promotion decisions of employees and contractors. Any material omission by an employee is subject to termination.

NCDPS must ask all applicants and employees who may have contact with inmates directly about previous misconduct noted above in written applications or interviews for hiring or promotions. Requires the information on substantiated allegations of sexual abuse or sexual harassment involving a former employee shall be furnished to any institutional employer in which the employee has applied to work provided the request is written. Requires that a criminal background shall be conducted before

hiring new employees who may have contact with inmates and will make its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse. Requires a continuing affirmative duty for employees to disclose any such conduct. Requires that a criminal background records check is completed prior to enlisting services of any contractor who may have contact with inmates and a criminal background records check is completed at least every five (5) years for current employees and contractors, and annually for sensitive specialist assignments.

NCDPS has an extensive initial background screening requirements that include the screening for criminal record checks (AOC, DCI & NCDL), possible checks on criminal convictions and pending criminal charges, access to local, state and federal criminal databases to conduct background checks, and best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse and any resignation during a pending investigation or an allegation of sexual abuse. The agency conducts 5-year background checks for all employees and contractors. There is an affirmative duty to disclose any arrests or previous misconduct.

An interview with the facility's Correctional Administrative Officer III confirmed the process on the facility performing criminal background checks to consider the pertinent civil or administrative adjudications for all newly hired employees who may have contact with inmates, all employees who are considered for promotion and every five (5) years. She advised that personnel staff have a tracking system to ensure the five (5) year background screening is conducted of all facility employees. Employment applications and Affirmation of Code of Ethics form contain the three (3) questions regarding sexual abuse or sexual activity in an institutional setting, community, or if the staff has been civilly or administratively adjudicated for the same, as well as an annual requirement to disclose at evaluation time. There is an affirmative duty to disclose any arrests or previous misconduct by all employees at hire and anytime there is a law enforcement contact.

A sampled review of staff's, volunteer's, and contractor's HR files had documentation on staff completing varied forms containing the questions regarding past misconduct (Applicant Verification form, DPS Employment Statements and the PREA Notice and Information Collection for Current Employees) that are completed during the hiring process. The HR staff complete the criminal background information and receive an email on whether an individual is approved or disqualified. Once an individual is approved for hire, the new employee begins the LMS training and orientation process and is provided with a NCDPS Employee Handbook. Also, the review HR files confirmed that background checks had been conducted within the past five (5) years on all employees.

Based on the review of the agency policy and procedures, observations and information obtained through the interview and review of documentation, the facility has demonstrated compliance with this standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires all designing or acquiring new facilities and in planning substantial expansion or modification of existing facilities to consider the effect of the design, acquisition, expansion, or modification upon the facility's ability to protect inmates from harm, including sexual abuse. Requires any installing or updating of video monitoring systems, electronic surveillance systems, or other monitoring technology to be considered how such changes may enhance the facility's ability to protect inmates from harm, including sexual abuse.

An interview with the Correctional Facility Administrator and documentation review indicated there have been no major modifications to the facility and there are proposed upgrades with enhancing the video monitoring system with additional cameras. There is a revised camera schedule dated 2/16/18 for the facility to receive additional cameras. During the tour, the video surveillance system was observed in the control room area located in the entrance to the medium custody side of the facility and at the Correctional Captain II/PCM desktop. This will enhance their capabilities to assist in monitoring blind spots and the review of incidents. Additionally, this enables the staff to monitor inmates more efficiently throughout the physical plant of the facility. The administrative staff is continually evaluating the electronic surveillance system and video monitoring.

Based on the review of the agency policy and procedures, observations and information obtained through the interview and documentation, the facility has demonstrated compliance with this standard.

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires, when requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization staff member to accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information and referrals. A qualified mental health/counseling staff member or qualified community-based staff member includes an individual who has been screened for appropriateness to serve in this role and has received education concerning sexual assault and forensic examination issues in general. Requires a history be taken by a health care professional who will conduct a forensic medical examination to document the extent of physical injury. There will be no financial cost to the inmate for this examination. Requires an administrative or criminal investigation for all allegations of sexual abuse and sexual harassment and requesting the investigating agency follow the requirements of PREA Standards.

There is evidence of Morrison CI's Correctional Facility Administrator obtaining a Memorandum of Understanding with the New Horizon's Life & Family Services dated 8/29/18 to provide free confidential crisis intervention and emotional support related to sexual abuse or assault inmates and any inmate seeking services calling the toll-free telephone number and forensic medical examinations at no financial cost to the victim. First Health Moore Regional Hospital (SANE certified) provides the emergency services at no financial cost to the victim. Also, this auditor interviewed via telephone a representative from New Horizon's Life & Family Services during the on-site visit. She indicated there had been one (1) call from an inmate in the past twelve (12) months requesting emotional support services related to a fear of sexual abuse that may occur at the facility. This was reported to the Correctional Captain II/PCM which was investigated with an unfounded outcome.

NCDPS PREA Office sent a directive to all facilities to establish a standardized role of the PREA Support Person (PSP) that will serve as an advocate to link services (community based advocates or mental health professionals) and support to inmates who report sexual abuse and sexual harassment by another inmate, staff member, contractor or volunteer. The Morrison CI's Correctional Facility Administrator has designated nine (9) staff for this role and completed the required form (OPA-A18) on February 6, 2018. These individuals are screened for appropriateness to serve as a victim advocate and receive specialized training (PREA Support Person Training). Interviews with the correctional and medical staff were knowledgeable of the procedures to secure and obtain usable physical evidence when sexual abuse is alleged. Also, staff interviews and training documentation confirmed the role of the PSP individual in the facility.

The facility has available the NCDPS PREA pamphlet "Sexual Abuse Awareness for the Inmate" and identifies for the inmates to call or write. Documentation and an interview with the Correctional Facility Administrator confirmed Richmond County Sheriff Department (RCSD) conducts the criminal investigations of allegations of sexual abuse. In the past 12 months, there has been no allegation where a victim required a forensic medical examination.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires that all allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations, unless the allegation does not involve potentially criminal behavior, and to document all such referrals. Requires notification to local law enforcement of all verified incident of sexual abuse of an inmate by a staff member, contractor, or volunteer and sexual abuse between inmates/inmates shall be referred to the local law enforcement agency of jurisdiction for investigation and consideration of criminal prosecution. Requires that all investigators shall receive the general PREA training provided to all employees, and specialized training in conducting sexual abuse investigations in confinement settings that includes techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and criteria and evidence required to substantiate a case for administrative action or prosecution referral. Requires an administrative and/or criminal investigation for all allegations of sexual abuse or sexual harassment.

All staff are required to report all allegations, knowledge and suspicions of sexual abuse, sexual harassment, retaliation, staff neglect and/or violations of responsibilities that may have contributed to an incident or retaliation. All staff is required to refer all alleged incidents of sexual abuse and sexual harassment for investigation to the Richmond County Sheriff Department (RCSD) for the determination of criminal charges. RCSD provides services on a 24-hour basis that will include the responsibility of investigating allegations of sexual abuse by qualified staff who have received training concerning sexual abuse and forensic examination issues.

Staff refers all allegations of sexual abuse and harassment to their Regional Office and the PREA Office for completion of an administrative investigation. The appropriate information will be entered into their internal OPUS system. The PREA policy can be found at the North Carolina state's website and information can be found in their PREA pamphlet (Sexual Abuse Awareness for the Inmate) that is available in English and Spanish. Morrison CI reported five (5) allegations of sexual abuse and sexual harassment resulting in a criminal investigation and/or an administrative investigation in the past twelve (12) months. These investigations were unfounded and unsubstantiated. The Correctional Captain II/PREA Compliance Manager tracks all the investigations at the facility.

There is evidence of the Commissioner of Adult Corrections and Juvenile Justice sending a Memorandum dated 3/17/16 to the NC Sheriff's Association providing information on investigations being conducted in accordance with the PREA standards. All staff interviews reflected and confirmed their knowledge on the reporting, referral process and policy's requirements but did not know the agency who conducts the administrative and criminal investigation in response to an allegation of sexual abuse and sexual harassment.

Interviews with the Correctional Facility Administrator, Correctional Captain II/PREA Compliance Manager, and facility investigator confirmed that the agency ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse or sexual harassment. Also, any internal investigation that identifies criminal activity or a staff member is involved in criminal activity would be immediately referred to the Richmond County Sheriff Department (RCSD). The local law enforcement

and the facility investigator would act in a liaison position. The Richmond County Sheriff Department (RCSD) investigator informs Morrison CI's Correctional Facility Administrator on the progress of a sexual abuse investigation.

After the on-site visit, all staff were re-trained on who conducts the administrative and criminal investigations in response to an allegation of sexual abuse and sexual harassment. The Correctional Captain II/PCM sent the appropriate supplemental documentation to this auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires all staff to complete an in-depth mandatory PREA Training upon initially becoming an employee (entry level training) as well as refresher training annually. All the PREA training provided to employees statewide contains all ten (10) topics consistent with this standard's requirements and is tailored to all facilities with the gender of their inmate populations. Employees are required to document that they understand the training and confirmed through an employee signature. Requires employees to complete annual in-service training on current NCDPS sexual abuse and sexual harassment policies and procedures consistent with all ten (10) topics in accordance with this standard's requirements. Also, security staff receives training on conduct/ethics, security, safety, fire, medical, and emergency procedures and the supervision of inmates including training on the current the NCDPS sexual abuse and sexual harassment policies and procedures.

The staff training documentation including a power point presentation, lesson plan and staff interviews confirmed staff receives PREA training during initial training and during refresher training. All employees are trained as new hires regardless of their previous experience. All new employees receive the NCDPS Employee brochure on prevention strategies to maintain a professional atmosphere and sign the "PREA Acknowledgement Form" indicating they received the training and understand their responsibilities for all the different training modules and tested upon completion of the initial PREA training. A review of all staff and training education forms as well as staff interviews confirmed that staff are receiving their required PREA training. Staff interviews confirmed their comprehension of the PREA training and their obligation to report any allegation of the sexual abuse and/or sexual harassment. At the facility, it was evident that staff are trained continually about the PREA standards during shift briefings and the completion of various on-line trainings. Additionally, all staff are required to complete an annual in-service PREA training.

Employee training records are maintained electronically and certain training documents (NCDPS Human Resources on Boarding Checklist form and PREA Acknowledgement Form) are maintained in their personnel file. New employees are provided a "Breaking the Code of Silence" Correctional Officer's Handbook and a "First Responder Card" identifying specific PREA information i.e. first responder protocol. It is evident, the executive administration has taken the PREA Standards to another level and it is reflected in their commitment to protecting the inmates in their care throughout the State of North Carolina by providing extensive training to all employees who work at their facilities.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews, review of documentation, the agency and facility has substantially exceeded the requirements of this standard based on the above information.

- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015; Diagnostic Center Procedures Manual (DCPM) Policy 201 (Orientation) issue date 3/31/10 and Policy 418 (Substance Abuse Screening) issue date 4/7/09 requires mandatory PREA information, both orally and in writing and in a form that is understandable to the inmate, that includes information about sexual misconduct, background information on PREA, prevention/intervention/self-protection/reporting/treatment/counseling information, and confidentiality. Requires within thirty (30) days inmates shall receive information regarding their right to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and all NCDPS policies and procedures for responding to such incidents. Requires repeated education when an inmate is transferred to a different facility. Also, the facilities are required to provide the PREA information for Limited English Proficient inmates, and those with disabilities such as limited reading skills, deaf or visually impaired. Additionally, within 72 hours, the program staff provides a transfer orientation to the facility.

The case management staff provides information (NCDPS Sexual Abuse Awareness for the Inmate pamphlet and handbook) to every inmate that enters the facility and reviews this information one-on-one with the inmate. The information consists of facility rules, their right to be free from sexual abuse and sexual harassment, how to report, their right to be free from retaliation for reporting sexual abuse or sexual harassment, prevention/intervention, self-protection, reporting and treatment/counseling and is available in Spanish. Interviews with the case management staff confirmed inmates receive appropriate education information regarding safety, their rights to be free from sexual abuse, sexual harassment, retaliation, reporting and the agency's response to allegations upon arrival and again within several days. Upon arrival, the inmate will process through security, intake (intake PREA education), medical, mental health, and eventually meets with case management staff to conduct the screening and assessment process. The inmates are provided with the PREA pamphlet, narrative of the information being verbally presented is on how to report allegations and how to access emotional support services.

Documentation of inmate's signatures were reviewed and confirmed during inmate interviews. Also, a review was conducted of the inmate PREA education forms and the information was provided within the appropriate time frames as required by this standard. Several interviews of inmates stated they received this information the same day they arrived at the facility and identified the receipt of the pamphlet, however other inmate interviews were unable to confirm receiving information about the facility's rules against sexual abuse and sexual harassment. PREA postings were observed during the facility tour in the housing units, common areas and inmates identified the postings as another source of information for them.

After the on-site visit, the case management staff were re-trained on the orientation process to ensure the information was reviewed verbally and provided during an inmate's admission to the facility. The Correctional Captain II/PCM sent the appropriate supplemental documentation to this auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 and Diagnostic Procedures # 305 (Psychological and Psychiatric Referral) effective date 1/01/14 requires prior to placement as part of the screening process each inmate is screened upon admission within seventy-two (72) hours of arrival with an objective screening instrument for risk of victimization, potential vulnerabilities or sexual abusiveness tendencies to act out with sexually aggressive predatory behavior. Requires all inmates to be assessed during intake screening and upon transfer to another facility for their risk of being sexually abused by other inmates or sexually abusive toward other inmates. Requires intake screening include: mental, physical or developmental disabilities, age, physical build, prior incarcerations, criminal history (violent and non-violent), prior convictions for sex offenses against an adult or child, prior acts of sexual abuse, prior convictions for violent offenses, history of prior institutional violence or sexual abuse, prior sexual victimization, perception of vulnerability, and if the inmate is or is perceived to be LGBTI or gender nonconforming. Prohibits discipline of the inmate for refusing to answer screening questions.

Those inmates who score vulnerable to victim or sexually aggressive are included into their tracking system, as well as receiving further assessments, as identified. A mental health practitioner completes the OPUS Mental Health Screening Inventory and an initial Mental Health Assessment within seventy-two (72) hours of an inmate's arrival to the facility. Inmates are screened within seventy-two (72) hours upon arrival at the facility to determine placement and their special needs. This intake screening is used in combination with information about personal history, medical and mental health screenings, conversations, classification assessments as well as reviewed court records and case files. Inmates could be reassessed at a minimum of every thirty (30) days and throughout their stay at the facility upon any additional, relevant information received by the facility or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness since the intake screening. The facility's policy limits staff access to this information on a "need to know basis".

Inmate interviews and a review of the documentation confirmed the risk screenings are being conducted within seventy-two (72) hours of their admission to the facility. Staff interviews confirmed a screening is completed on each inmate upon admission to the program within seventy-two (72) hours. Also, the staff reviews prior information in the pre-sentencing reports, health issues, classification assessments and past criminal behavior. The screening that is conducted includes any disabilities, age, physical build, current and previous incarcerations, personal history, violent offenses, LGBTI status, mental illness, prior victimization and assaultive behaviors. Those inmates who score vulnerable to victim or sexually aggressive are included into their alert system, as well as receiving further assessments, as identified. Inmates reporting prior victimization, according to staff, are referred immediately for a follow-up with medical or mental health staff. These referrals to medical or mental health staff are documented. Inmates are reassessed at a minimum of thirty (30) days and throughout their stay at the facility. The facility's policies limit staff access to this information on a "need to know basis". Access to information is available only to the Correctional Facility Administrator, Correctional Captain II/PCM, medical staff, mental health counselors and case management staff.

Although there has been no transgender or intersex inmate admitted to the facility within the past twelve (12) months, staff interviews confirmed consideration is given for the inmate's own views of their safety in placement and programming assignments.

Based on the review of the agency policy and procedures, observations and information obtained through staff and inmate interviews and review of documentation, the facility has demonstrated compliance with this standard.

- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's

conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015; OPUS Online and Health Services Policy and Procedure TX I-13 (Evaluation and Management of Transgender Offenders) effective 8/2018 precludes gay, bi-sexual, transgender and intersex inmates being placed in a particular housing unit, beds or other assignments based solely on their identification or status. In addition, the policy describes the screening and assessment process and how that information, along with information derived from medical and mental health screening and assessments, records reviews, database checks, conversations and observations, is used to determine an inmate's appropriate placement, housing and bed assignments, as well as work, education, and program assignments with the goal of keeping all inmates safe and free from sexual abuse. The program staff utilizes various forms and any other pertinent information during the inmate's admission process.

Placement and programming assignments for each transgender or intersex inmate shall be reassessed at least twice each year to review any threats to safety experienced by the inmate. The mental health staff will complete a six (6) month reassessment of housing and programs for all transgender and intersex inmates. This review is documented in the OPUS. The staff member must meet with the inmate to discuss their program and housing needs and to ensure their current assignments are still appropriate. NCDPS prohibits the placement of LGBTI inmates in dedicated facilities, units, or wings solely on the basis of such identification or status.

Morrison CI's Correctional Captain II/PREA Compliance Manager and the staff interviews described how information from their risk assessment precludes gay, bi-sexual, transgender and intersex inmates being placed in a particular housing unit, beds or other assignments based solely on their identification or status. In addition, they described the screening and assessment process and how that information, along with information derived from medical and mental health screening and assessments, records reviews, database checks, conversations and observations, is used to determine an inmate's appropriate placement, housing and bed assignments, as well as work, education, and program assignments with the goal of keeping all inmates safe and free from sexual abuse. The risk assessment information is reviewed within fourteen (14) days, if there is an incident of sexual abuse, upon request, or if there is receipt of additional information that an inmate is at risk of sexual victimization or abusiveness. Also, staff indicated an inmate's perception of risk is addressed and provision will be made on a case-by-case basis for showering changes.

Documentation review confirmed the risk assessment occurred within fourteen (14) days and the inmate received the rescreening as required. The facility does not have a designated housing unit for gay, bisexual, transgender or intersex inmates. This facility identified an inmate who identified as transgender or intersex during the on-site visit, therefore this auditor was able to ask the inmate of concerns regarding their placement, a special unit just for LGBTI inmates, their safety, and request to shower separately.

In the minimum custody compound has four (4) housing buildings that contain single cell and open-bay dormitories with bunk beds, day rooms, telephones, table & chairs, and shower/bathroom areas. The restrictive housing unit has twelve (12) single cells. In the medium custody compound has four (4) housing buildings that contain single cell and open-bay dormitories with bunk beds, day rooms, telephones, table & chairs, and shower/bathroom areas. The restrictive housing unit has twenty (20) single cells. There are staff areas, storage closets and secure inmate boxes for correspondence, institutional/grievance forms, commissary, and medical requests located in the dining area. Isolation is not utilized at the facility as a means of protective custody.

Based on the review of the agency policy and procedures, observations and information obtained through staff and inmate interviews and review of documentation, the facility has demonstrated compliance with this standard.

Standard 115.43: Protective Custody

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.43 (a)

- Does the facility always refrain from placing inmates at high risk for sexual victimization in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers? Yes No
- If a facility cannot conduct such an assessment immediately, does the facility hold the inmate in involuntary segregated housing for less than 24 hours while completing the assessment? Yes No

115.43 (b)

- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Programs to the extent possible? Yes No
- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Privileges to the extent possible? Yes No
- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Education to the extent possible? Yes No
- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Work opportunities to the extent possible? Yes No
- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The opportunities that have been limited? Yes No
- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The duration of the limitation? Yes No
- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The reasons for such limitations? Yes No

115.43 (c)

- Does the facility assign inmates at high risk of sexual victimization to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged? Yes No
- Does such an assignment not ordinarily exceed a period of 30 days? Yes No

115.43 (d)

- If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, does the facility clearly document: The basis for the facility's concern for the inmate's safety? Yes No
- If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, does the facility clearly document: The reason why no alternative means of separation can be arranged? Yes No

115.43 (e)

- In the case of each inmate who is placed in involuntary segregation because he/she is at high risk of sexual victimization, does the facility afford a review to determine whether there is a continuing need for separation from the general population EVERY 30 DAYS? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires institutional staff who identify inmates as high risk of sexual victimization or inmates alleged to have suffered sexual abuse should not normally be placed in restrictive housing without their consent unless it has been determined that there is no available alternative means of separation from likely abusers.

Placement in restrictive housing must be clearly documented on the "Protective Control Interview Form", the basis for the concern for the inmate's safety and the reason why no alternative means of separation can be arranged. Requires that involuntary assignment to restrictive housing shall only be long enough for alternative means of separation from likely abusers can be arranged, but no longer than thirty (30) days. Requires inmates placed in restrictive housing shall have access to programs, privileges, education, and work opportunities to the extent possible while ensuring their safety. Any restrictions of programs, privileges, education and work opportunity, the duration of the limitation and the reasons for the limitation will be clearly documented on this form. Additionally, any placement of an inmate in involuntary restrictive housing and any type of restrictions is documented in OPUS.

Interviews with the Correctional Facility Administrator, Correctional Captain II/PREA Compliance Manager and another staff who works in restrictive housing confirmed there have been no inmates placed in involuntary segregated housing in past twelve (12) months. Also, they indicated if an inmate is placed in involuntary restrictive housing for their own protection he would have access to programs, privileges, education and work only if there is no safety concern. This information would be documented and reviewed by the case management staff on a weekly basis. They confirmed every thirty (30) days if an inmate is placed in involuntary restrictive housing, a meeting is held with Correctional Facility Administrator, Correctional Captain II/PREA Compliance Manager, Assistant Correctional Superintendent for Programs II and Correctional Assistant Superintendent IV.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 and Policy D .0300 (Inmate Use of the Mail) effective date 11/01/13 requires the department to provide multiple ways for inmates to report sexual abuse and sexual harassment, retaliation by other inmates or staff for reporting sexual abuse or sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. These various ways of reporting include advising an administrator, a staff member, external reporting, placing a written complaint in the grievance box, and third party. Requires that staff shall accept reports made verbally, in writing, anonymously, and from third parties and shall promptly document verbal reports as an "Incident Reporting" form. Requires an inmate method of reporting must include reporting to an outside public or private entity or office that is not part of the agency and is able to receive and immediately forward inmate reports of sexual abuse and sexual harassment to agency officials, allowing the inmate to remain anonymous upon request. Also, the department has provided a method for staff to privately report sexual abuse and sexual harassment of inmates.

Morrison CI has multiple ways for inmate reporting of sexual abuse and sexual harassment, retaliation by other inmates or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. Also, during the orientation process inmates are advised that they can tell any staff member, including contractors or volunteers, who are trained and required to report all allegations of sexual abuse or sexual harassment and in writing through the grievance procedure.

In January 2018, NCDPS worked diligently to identify another external reporting system and connected with Forgiven Ministry, a 501 (c) non-profit organization. This auditor was advised of the change with the external reporting procedure and was provided with an updated intake/orientation process and the NCDPS "External Reporting Agency Acknowledgement" form that is provided to the inmates during intake. NCDPS has partnered with Forgiven Ministry to provide the external process for inmates to report sexual abuse or sexual harassment verbally, in writing and anonymously. There is evidence of the NCDPS PREA Director obtaining a Memorandum of Understanding (MOU) with Forgiven Ministry as of March 1, 2018, as the statewide external agency for inmate reporting. This MOU is in effect for one (1) year, and can be renegotiated annually thereafter. Also, this auditor was advised that a facility has the option to use a local rape crisis center to provide emotional support services to the inmates.

Morrison CI's Correctional Facility Administrator obtained a Memorandum of Understanding with the New Horizon's Life & Family Services dated 8/29/18, a local rape crisis center to provide free confidential crisis intervention and emotional support related to sexual abuse or assault inmates and any inmate seeking services calling the toll-free telephone number and forensic medical examinations at no financial cost to the victim. Documentation contained information that inmates were educated on how to access New Horizon's Life & Family Services through the facility phone system at intake, as well as the facility staff has educated current inmates. Inmates are not required to identify themselves when making these calls, and do not need to enter their inmate PIN or other identifying information. Also, information can be forwarded to the Correctional Facility Administrator or the Correctional Captain II/PCM on a confidential basis as requested by the inmate.

This auditor interviewed via telephone a representative from New Horizon's Life & Family Services during the on-site visit and confirmed the process. She indicated there had been one (1) call from an inmate in the past twelve (12) months requesting emotional support services related to a fear of sexual abuse that may occur at the facility. This was reported to the Correctional Captain II/PCM which was investigated with an unfounded outcome.

Staff interviews confirmed they will accept allegations of sexual abuse or sexual harassment verbally, in writing, anonymously, and from third parties and report to their supervisor. In addition, the staff is provided information for reporting sexual abuse or sexual harassment in a confidential manner through a separate phone number that is outside of the facility. Inmate interviews revealed limited knowledge of receiving information on how to report sexual abuse sexual harassment during the intake process. While touring the entire facility, this auditor observed in the living areas including the restricted housing area postings of the PREA information (posters) informing inmates of the telephone numbers to call against sexual abuse and harassment and to call the victim advocate, however, the victim advocate information was limited and unclear as to what services are provided. A review of the five (5) allegations of sexual abuse and sexual harassment in the past twelve (12) months indicated the facility has established various methods of reporting including their external entity, New Horizons Life & Family Services. Reporting procedures are provided to inmates through the Inmate/PREA Orientation, pamphlet and Inmate Rule Booklet.

Based on the review of the agency policy and procedures, observations and information obtained through staff and inmate interviews and review of documentation, the facility has demonstrated compliance with this standard.

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.52 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. This does not mean the agency is exempt simply because an inmate does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. Yes No NA

115.52 (b)

(The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.) Yes No NA

- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (d)

(Computation of the 90-day time period does not include time consumed by inmates in preparing any administrative appeal.) (N/A if agency is exempt from this standard.) Yes No NA
- If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.) Yes No NA
- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (e)

- Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)
 Yes No NA
- Are those third parties also permitted to file such requests on behalf of inmates? (If a third-party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) Yes No NA
- If the inmate declines to have the request processed on his or her behalf, does the agency document the inmate's decision? (N/A if agency is exempt from this standard.)
 Yes No NA

115.52 (f)

- Has the agency established procedures for the filing of an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA

(N/A if agency is exempt from this standard.)
 Yes No NA
- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)
 Yes No NA
- Does the initial response and final agency decision document the agency's determination whether the inmate is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (g)

- If the agency disciplines an inmate for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the inmate filed the grievance in bad faith? (N/A if agency is exempt from this standard.) Yes No NA

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy G .0300 (Administrative Remedy Procedure) allows an inmate to submit a grievance regarding an allegation of sexual abuse with no time limit. This allows for third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse, and permitted to file such requests on behalf of inmates. Allows the facility to request the alleged victim to agree to third party grievances alleging sexual abuse. If an inmate declines to have the request processed, the facility will document the inmates' decision. Prohibits the requirement that an inmate must first use an informal grievance process, or to otherwise attempt to resolve with staff, when reporting an allegation of sexual abuse. Allows an inmate to submit a grievance without submitting to a staff member who is the subject of the complaint, and prohibits the agency from referring the grievance to a staff member who is the subject of the complaint. Also, the policy describes the orientation inmates receive explaining how to use the grievance process to report allegations of abuse and has administrative procedures/appeal process for dealing with inmate's grievances regarding sexual abuse or sexual harassment.

Requires a final agency decision within ninety (90) days on any portion of a grievance that alleges sexual abuse, and that the ninety (90) days shall not include time consumed by inmates preparing any administrative appeal. Allows the department to claim an extension of time to respond to a grievance, up to seventy (70) days, with notification to the inmate. Establishes an emergency grievance for an inmate that is subject to a substantial risk of imminent sexual abuse, including an initial response within twenty-four (24) hours and a final response within five (5) days. Prohibits the discipline of an inmate for filing a grievance related to sexual abuse only where the agency demonstrates that the inmate filed the grievance in bad faith.

An interview with the Correctional Captain II/PCM confirmed there have been two (2) grievances within past twelve (12) months. She indicated emergency grievances are available and she reports they must respond within twenty-four (24) hours and provide a final determination within five (5) days. She confirmed the inmates receive an explanation on how to use the grievance process to report allegations of sexual abuse and has administrative procedures/appeal process for dealing with inmate's grievances regarding sexual abuse or sexual harassment during orientation and they are provided with an inmate rule book. Inmates may place a written complaint (grievance) in the secured grievance box located in both dining hall areas. Inmate interviews confirmed there is a grievance process relating to sexual abuse or sexual harassment complaints at the facility.

Based on the review of the agency policy and procedures, observations and information obtained through staff and inmate interviews and review of documentation, the facility has demonstrated compliance with this standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires the facilities provide to inmates outside confidential support services, PREA Support Persons, legal counsel and the facility to provide reasonable communication between inmates, these organizations and agency, in as confidential a manner as possible. The facility shall inform inmates prior to giving them access, of the extent to which such communication will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws.

There is evidence of Morrison CI's Correctional Facility Administrator obtaining a Memorandum of Understanding with the New Horizon's Life & Family Services dated 8/29/18 to provide free confidential crisis intervention and emotional support related to sexual abuse or assault inmates and any inmate seeking services calling the toll-free telephone number and forensic medical examinations at no financial cost to the victim. First Health Moore Regional Hospital (SANE certified) provides the emergency services at no financial cost to the victim. Also, this auditor interviewed via telephone a representative from New Horizon's Life & Family Services during the on-site visit. She indicated there had been one (1) call from an inmate in the past twelve (12) months requesting emotional support services related to a fear of sexual abuse that may occur at the facility. This was reported to the Correctional Captain II/PCM which was investigated with an unfounded outcome. Also, during the intake and orientation process this information is provided to the inmates by the case management staff. Inmate interviews revealed limited knowledge of how to access outside services.

After the on-site visit, all case management staff were re-trained on who provides free confidential emotional support services (New Horizon's Life & Family Services) and to provide additional education to future inmates on outside advocate services during their orientation process. The postings were updated to include access to free emotional support information provided by the outside advocate and placed in all the living/dorm areas and the restrictive housing unit. Also, the postings were in both English and Spanish. The Correctional Captain II/PCM sent the appropriate supplemental documentation to this auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Based on the review of the agency policy and procedures, observations and information obtained through staff and inmate interviews, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

Standard 115.54: Third-party reporting

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.54 (a)

- Has the agency established a method to receive third-party reports of sexual abuse and sexual harassment? Yes No

- Has the agency distributed publicly information on how to report sexual abuse and sexual harassment on behalf of an inmate? Yes No

Auditor Overall Compliance Determination

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 identifies the Department's third party reporting process and instruct staff to accept third party reports. NCDPS website provides the public with information regarding third-party reporting of sexual abuse or sexual harassment on behalf of an inmate. In addition, the Department has established a confidential webpage for employees to report allegations fraud, waste, abuse, misconduct or mismanagement in the department and these concerns may be reported anonymously. There are two (2) separate reporting options for the receipt of third-party reports of sexual abuse or sexual harassment. They may write to the State-wide PREA Director or send an email through the link provided. This information is reported directly to the State-wide PREA Director who will inform the Correctional Facility Administrator. These reports will be investigated. Also, NCDPS has partnered with Forgiveness Ministry to provide the external process for inmates to report sexual abuse or sexual harassment verbally, in writing and anonymously. However, the facility's outside source is New Horizon's Life & Family Services to provide the external process for inmates to report sexual abuse or sexual harassment verbally, in writing and anonymously.

Staff and investigator interviews confirmed they receive allegations of sexual abuse or sexual harassment from third party reporters and that these are reported to investigators as if an inmate made the allegation. Third party reporters includes fellow inmates, staff members, family members, attorneys, and outside advocates, shall be permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse, and shall also be permitted to file such requests on behalf of inmates.

This auditor viewed the website, confirmed the information regarding third-party reporting and the link to send an e-mail directly to the NCDPS's PREA Director. Inmate interviews confirmed their awareness of reporting sexual abuse or harassment to others outside of the facility. There are facility posters that identify a phone number for friends and families of inmates to call if they wish to report sexual abuse or sexual harassment. This number goes directly to the NCDPS, where the call is referred for investigation through a report to the individual facility.

Based on the review of the agency policy and procedures, observations and information obtained through staff and inmate interviews and review of documentation, the facility has demonstrated compliance with this standard.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires that all employees, volunteers, and contractors shall immediately report to their supervisor or the shift supervisor any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in the facility, retaliation against inmates or staff who reported such an incident, and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. Information related to a sexual abuse report shall not be released to anyone other than to the extent necessary, as specific in the procedures, to make treatment, investigation, and other security and management decisions. All facility staff are mandated reporters and receive information on clear steps on how to report sexual abuse and to maintain confidentiality through the facility's protocol and/or training.

Random staff interviews including medical and mental health staff confirmed the requirement to report any knowledge, suspicion or information of sexual abuse or sexual harassment and have received this training annually during in-service. The staff would complete an incident report with the details of any incidents that would occur in the facility in compliance with this standard and they are prohibited from sharing information with anyone who is not part of the investigation or reporting process. Interviews with medical and mental health staff confirmed their responsibility to inform inmates their duty to report and their limitations of confidentiality. Both the Correctional Facility Administrator and Correctional Captain II/PREA Compliance Manager indicated that all alleged sexual abuse or sexual harassment reports, regardless of where the information came from, is reported immediately to the facility investigator. A review of all five (5) allegations of sexual abuse and sexual harassment revealed that the investigation began immediately upon receipt of the information.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 indicated the requirement of the facility to take immediate action if staff learn that an inmate is at risk of imminent sexual abuse.

Interviews with the Correctional Facility Administrator and Correctional Captain II/PCM indicated any information received that alleges an inmate is at substantial risk of imminent sexual abuse would require immediate removal of the inmate and to isolate the threat. The other randomly selected staff interviews indicated if an inmate was in danger of sexual abuse or at substantial risk of imminent sexual abuse, they would act immediately to ensure the safety of the inmate, separate from the alleged perpetrator and contact their immediate supervisor. Also, the inmate would be referred for mental health services. There were no incidents that involved an immediate action to protect an inmate that was a substantial risk of imminent sexual abuse in the past twelve (12) months at the facility.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires that an allegation made whereby an inmate was sexually abused at another facility is required to be reported to the facility where the alleged sexual abuse occurred, that the notification will be made as soon as possible but no later than 72 hours, and shall be documented. Requires that any receipt of an allegation of sexual abuse from another facility that occurred while confined in that facility, the Correctional Facility Administrator or designee shall ensure an investigation is completed.

Interview with Correctional Facility Administrator indicated per policy an allegation made whereby an inmate was sexually abused at another facility is required to be reported to the facility where the alleged sexual abuse occurred, that the notification will be made no later than 72 hours, and shall be documented. Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does

not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 indicated the requirement of the first responding staff is to separate the inmate, protect any physical evidence by requesting that the victim does not destroy evidence (through washing, brushing teeth, changing clothing, urinating, defecating, smoking, drinking or eating, protect any physical evidence by ensuring the alleged perpetrator does not destroy evidence (through washing, brushing teeth, changing clothing, urinating, defecating, smoking, drinking or eating), if the abuse took place within a time period that still allows for the collection of physical evidence and secure the crime scene. Requires that a victim shall be taken to medical staff as soon as possible or if no medical or mental health are on staff, shall ensure they are notified. Requires a first responder who is not a security staff shall request the victim not to destroy evidence and to notify a security staff.

Interviews with the staff and a first responder interview validated their technical knowledge of actions to be taken upon learning that an inmate was sexually abused but the staff could not describe all the action steps identified in the NCDPS policies and procedures of their responsibilities as first responders. A review of the training files confirmed that all staff receives information on how to respond to an allegation of sexual abuse in accordance with the NCDPS policy and procedure as stated above. There have been no allegations that an inmate was sexually abused and the staff responded as first responders during the past twelve (12) months.

After the on-site visit, all staff was re-trained on the first responder duties and actions consistent with and NCDPS policies and procedures. Also, a placard with the first responder duties has been posted in the staff briefing areas. The Correctional Captain II/PREA Compliance Manager sent the appropriate supplemental documentation (picture) to this auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Based on the review of the agency policy and procedures, observations and information obtained through staff and first responder interviews, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 and NCDPS Sexual Abuse & Sexual Harassment Coordinated Response Overview indicated the requirement that each facility shall develop a written institutional plan (Coordinated Response Plan) to coordinate actions taken in response to an incident of sexual abuse, among staff first responders, administration, executive staff, medical and mental health practitioners, investigators, contacting law enforcement, and victim advocate services.

Interviews with the Correctional Facility Administrator and staff confirmed their technical knowledgeable of their duties to coordinate actions taken in response to an incident of sexual abuse among staff first responders, administration, executive staff, contacting medical and mental health and outside emotional support sources. Morrison CI’s PREA Sexual Abuse Institutional Response Plan was reviewed and includes a step-by-step instruction guide on security search/evidence collection, document preparedness and review, and notification of first responder, administration responsibility, medical and mental health staff, PREA Compliance Manager, investigator and other pertinent staff.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

North Carolina Department of Public Safety (NCDPS) does not engage in the collective bargaining process regarding any violation of departmental policy regarding PREA. Also, the Department has not entered into a collective bargaining agreement that limits the ability to remove an alleged staff sexual abuser from contact with any inmates pending the outcome of an investigation or a determination whether and to what extent discipline is warranted, therefore this standard is not applicable.

This was confirmed with an interview and documentation that collective bargaining is not utilized in the Department. Based on the information discovered in the documentation and interview this auditor has determined the facility meets the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 indicated the requirement that all persons who report or cooperate in an investigation of sexual abuse or sexual harassment shall be protected from retaliation by other inmates and staff. Requires multiple protections such as housing changes or transfers for inmates victims or abusers, removal of the alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation are available. Requires monitoring for a minimum of ninety (90) days, with periodic status checks, and provides protections for any other individual who cooperates with an investigation.

An interview with the Correctional Captain II/PCM is responsible with overseeing the monitoring of the conduct or treatment of inmates or staff who reported the sexual abuse and of inmates who were reported to have suffered sexual abuse to determine if changes that may suggest possible retaliation exist. She is responsible for assigning a PREA Support Person (PSP) that will serve as an advocate to link services (community based advocates or mental health professionals) and support to inmates who report sexual abuse and sexual harassment by another inmate, staff member, contractor or volunteer. Also, the interviews with the Correctional Facility Administrator and Correctional Captain II/PCM indicated that all alleged victims or reporters are met within twenty-four (24) hours, every two (2) weeks and after the first month every thirty (30) days thereafter.

The Correctional Facility Administrator has designated nine (9) staff for this role and completed the required form (OPA-A18). These individuals are screened for appropriateness to serve as a victim advocate and receive specialized training. Staff interviews and training documentation confirmed the

role of the PSP individuals at the facility. The PCM is responsible to monitor staff retaliation and would document the information on the Staff (OPA-I22) form. The assigned PSP individual is responsible to monitor inmate retaliation and would document the information on the Offender (OPA-I24) form. They monitor for changes in work assignments, education or vocational changes, inmate disciplinary reports, housing and program changes, negative performance reports as well as reassignments of staff. Upon completion of the investigation, the PCM and/or the PSP individual will complete a "PREA Sexual Abuse and Sexual Harassment Retaliation Report" form [Staff (OPA-I22) or Offender (OPA-I24)]. There have been no inmates who reported possible retaliation in the past twelve (12) months at the facility.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires that inmates identified as victims of sexual abuse shall not be placed in involuntary restrictive housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers. Also, the policy contained information on post-allegation protective custody or guidelines for moving an inmate to another housing area or another facility as a last measure to keep inmates who alleged sexual abuse safe and only until an alternative means for keeping the inmate safe can be arranged. It allows for the temporary holding, less than twenty-four (24) hours, in involuntary segregated housing or in temporary protective custody only if the facility cannot

conduct such an assessment immediately. If an inmate is placed in the restrictive housing, the inmate is seen every seven (7) days by the mental health staff who documents the status. An “Administrative Restrictive Housing – Protective Custody” form is required to be completed when an inmate is placed into the restrictive housing unit.

An interview with the Correctional Captain II/PCM and the documentation review of the five (5) investigative files indicated that no alleged victim was placed in Restrictive Housing as a result of an allegation or as being identified as high risk for sexual victimization.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015; NCDPS Sexual Abuse & Sexual Harassment Coordinated Response Overview requires all staff to refer all alleged incidents of sexual abuse or harassment to local law enforcement [Richmond County Sheriff Department (RCSO)] for criminal investigations. The staff refers all allegations of sexual abuse and sexual harassment to their Regional Office and the NCDPS PREA Office for completion of an administrative investigation. Additionally, the facility's PREA investigators could be assigned to conduct the administrative investigation. Requires each facility to cooperate with the assigned investigator and shall remain informed as to the progress of the investigation. The report shall include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings.

Requires that all investigators shall receive special training in sexual abuse investigations before conducting PREA investigations, and that all investigations of allegations of sexual abuse or sexual harassment shall be done promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports. Requires the gathering and preserving of direct and circumstantial evidence, including physical and DNA evidence and electronic monitoring data, interviews, and reviews of prior complaints and reports of sexual abuse involving the suspected perpetrator. Requires consultation with prosecutors before conducting compelled interviews and prohibits the use of a polygraph examination or other truth-telling device as a condition for proceeding with an investigation.

Requires the credibility of any person shall be assessed on an individual basis. Administrative investigations include an effort to determine whether staff actions or failures to act contributed to the abuse. Requires both administrative and criminal investigations shall be documented in written reports that shall include a description of the physical and testimonial evidence, the reasoning behind credibility assessment, and the investigative facts and findings. Requires all allegations of criminal conduct be referred for prosecution. Requires an investigation not stop should the alleged abuser or victim depart from the employment or control of the facility or agency. Requires all case records associated with claims of sexual abuse or sexual harassment including all documentation be retained for as long as the alleged abuser is incarcerated or employed by the agency, plus five (5) years.

Documentation review, interview with the facility investigator confirmed she completed the required specialized investigator training as well as the annual PREA education. The investigator indicated all allegations are investigated, regardless of how the information is initially obtained and reported that investigations begin immediately upon notification. At the facility level, the assigned investigator will conduct an initial inquiry into the alleged allegation of sexual abuse or sexual harassment, to determine if criminal behavior is involved or a staff person is the alleged perpetrator, at which time the investigation would be referred to Richmond County Sheriff Department (RCSD). The facility investigator collects evidence and maintains the evidence as required. The investigator's interview confirmed the credibility of the victim is based on evidence found, and that no polygraph examination or truth-telling device is a condition for proceeding with an investigation. Also, the investigator indicated an investigation does not cease until completed, regardless if the alleged perpetrator is released or resigns employment, or if the victim leaves the facility prior to the completion of the investigation. The facility investigator reported that he would assist if the investigation was conducted by Richmond County Sheriff Department (RCSD).

A review of the five (5) investigation files of alleged staff's or inmates sexual abuse or sexual harassment that occurred in this facility in the past twelve (12) months contained the required information in accordance to NCDPS policy and procedure. Also, all five (5) investigations were unsubstantiated or unfounded and did not appear to be criminal and therefore none were referred for prosecution in the past twelve (12) months.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Standard 115.72: Evidentiary standard for administrative investigations

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.72 (a)

- Is it true that the agency does not impose a standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's

conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires that a facility investigate the allegation and indicates a standard of a preponderance of the evidence or a lower standard of proof for determining if allegations are substantiated. The OSI PREA Investigator and/or the facility's PREA Investigator investigates the allegation and indicates a standard of a preponderance of the evidence or a lower standard of proof for determining if allegations are substantiated, unsubstantiated or unfounded.

An interview with one (1) of the investigators indicated that they conduct fact finding investigations and make conclusions following their investigations (which are administrative in nature) therefore the Correctional Facility Administrator in consultation with legal, his supervisory staff and Human Resources would make a determination regarding disciplinary actions to be imposed and the standard they would use is the preponderance of evidence.

Based on the review of the agency policy and procedures, observations and information obtained through staff interview and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 and NCDPS Sexual Abuse & Harassment Coordinated Response Overview requires that any inmate who makes an allegation that he or she suffered sexual abuse is informed in writing. Also, the policy contains the process for notifying inmates whether the allegation proves substantiated, unsubstantiated or unfounded following an investigation. This policy further requires that following an inmate's allegation that a staff member has committed sexual abuse against the inmate, the facility informs the inmate unless the allegations are "unfounded" whenever the staff member is no longer posted within the inmate's unit; the staff member is no longer employed at the facility; NCDPS learns that the staff member has been indicted or convicted on a charge related to sexual abuse within the facility. With regard to investigations involving inmate-on-inmate allegations of sexual abuse, the facility will inform the inmate whenever the facility learns that the alleged abuser has been indicted or convicted on a charge related to sexual abuse within the facility.

Interviews with the investigator and the Correctional Captain II/PCM confirmed all investigation outcomes, whether the allegation proves substantiated, unsubstantiated or unfounded following an investigation, are completed by the facility investigator and the documentation is maintained with the investigation. All five (5) investigations that occurred in the past twelve (12) months contained a notification to the victim of the outcome of the investigation.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Staff who resign because they would have been terminated, are reported to the local law enforcement, unless the activities were not clearly criminal.

Interviews with the Correctional Facility Administrator and Correctional Administrative Officer III confirmed there has been one (1) employee disciplined in the past twelve (12) months for violation of the facility's sexual abuse or sexual harassment policies, however the employee resigned while under investigation and is not eligible for rehire. He stated that disciplinary action can include a change in custody level, segregation time, loss of good time and law enforcement charges which may be referred for prosecution if the allegations were criminal, if applicable. The staff provides each inmate with a NCDPS PREA pamphlet entitled "Sexual Abuse Awareness for the Inmate" and Inmate Rule Book that includes their rights and responsibilities, a disciplinary list of violations, disciplinary procedures and transfers. Documentation review indicated

there had been one (1) investigation that resulted in falsification for inmate-on-inmate sexual abuse that had occurred at the facility in the past twelve (12) months that resulted in disciplinary action.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 and the Health Services Policy and Procedure CP 18 (Clinical Practice Guidelines) effective 2/2014 requires the timely and unimpeded access to emergency medical treatment and crisis intervention services for victims of sexual abuse. Also, documentation provided confirmed treatment services are provided to every victim without financial cost. The medical staff had a tracking system of documenting all PREA incidents that occur at the facility.

The staff (first responders) would follow the Coordinated Response Plan which includes notification to medical and mental health staff, as well as transporting the victim to First Health Moore Regional Hospital if the incident was reported in a timely manner that allowed for physical evidence collection. Also, the medical staff's interviews indicated that the hospital would begin any sexually transmitted infection prophylaxis treatment/services and orders would be for follow-up services. Mental health services would begin when the victim is available upon return from the hospital. Mental health staff interviews indicated that they would see the victim no later than 24 hours after an incident and provide one-on-one counseling and make available outside emotional support services and follow-up care.

Interviews with the medical and mental health staff and a documentation review of all five (5) investigation reports confirmed immediate referrals for follow-up medical and mental health services for both sexual abuse and sexual harassment allegations. Documentation in the reports indicated that services are provided immediately upon notification. In the past twelve (12) months, there has been no allegation where a victim required a forensic medical examination.

Based on the review of the agency policy and procedures, observations and information obtained through the staff interview and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015; Health Services Policy and Procedure CP 18 (Clinical Practice Guidelines) effective 2/2014 and CC 8 (Aftercare Planning for Inmates in Healthcare Services) effective 11/2007 requires ongoing medical and mental health care for sexual abuse victims and abusers. This will include medical and mental health evaluation and treatment, follow-up services, treatment plans and referrals. Requires pregnancy tests, as necessary and timely access to all lawful pregnancy-related medical services. Requires offered tests for STD's as medically appropriate. Requires treatment services to be free of financial cost regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. The facility is required to provide such victims with medical and mental health services consistent with the community level of care. All prisons are required to attempt to conduct a mental health evaluation of all known inmate-on-inmate abusers within 60 days of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners.

Interviews with the medical staff confirmed that victims are offered a sexual assault assessment, individual counseling, referral to the psychiatrist, medications as ordered by the physician, laboratory testing for STD and HIV and follow-up. The mental health staff interviews indicated their plan for services would include individual or group treatment, including trauma resolution and PTSD, as well as follow-up. Also, the mental health staff would conduct mental health evaluations of all known inmate-on-inmate abusers and offer treatment services within fourteen (14) days. Mental health staff also reported that all inmates receive a mental health evaluation during their first few weeks at the facility.

There is a process in place to ensure staff track on-going medical and mental health services for victims who may have been sexually abused and medical staff track the follow-up medical visits. Mental health staff completes an evaluation and follow-up for mental health visits. The medical and mental health staff have a protocol in place to assist inmates upon discharge from the facility to continue services if needed.

Based on the review of the agency policy and procedures, observations and information obtained through the staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 and NCDPS Sexual Abuse & Sexual Harassment Coordinated Response Overview requires a PREA Post Incident Review (OPA-I10) of every sexual abuse allegation at the conclusion of all investigations, except those determined to be unfounded within seven (7) days. Requires the sexual abuse incident review to be conducted within thirty (30) days of the conclusion of the investigation. Requires the review team to include upper-management officials, with input from line supervisors, investigators, and medical or mental health practitioners. Requires the review of the allegation for: the need for policy or practice change, motivation for the incident, check of the physical area for barriers, staffing levels at the time of the incident, and information regarding any enhancement of current monitoring technology. Requires a written report completed that includes any recommendations and corrective action, as well as documentation showing implementation of the recommendations or the reason for not implementing the recommendations.

An interview with the Correctional Captain II/PCM and documentation review of the five (5) investigation reports confirmed that a report (PREA Sexual Abuse Incident Review) is prepared upon completion of sexual abuse incident reviews. The report would include: a need to change or improve practice; motivated or caused by group dynamic; physical barriers in the area; adequacy of staffing levels and adequate technology. The Incident Review Team consisted of the Correctional Facility Administrator, Correctional Captain II/PCM, Program Director, Correctional Assistant Superintendent IV, Assistant Correctional Superintendent for Programs II, facility PREA investigator, medical and mental health staff and OIC.

The facility has reported five (5) investigations of criminal and/or administrative investigation of alleged sexual abuse or sexual harassment that occurred in this facility in the past twelve (12) months. Staff interviews confirmed their knowledge of the process and would provide information for the PREA Post Incident Review (PIR) report that captures all aspects of an incident.

Based on the review of the agency policy and procedures, observations and information obtained through the staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

A review of the North Carolina Department of Public Safety Prisons (NCDPS) Policy F.3400 (Inmate Sexual Abuse and Sexual Harassment) revised 8/24/2015 requires the collection of accurate, uniform data for every allegation of sexual abuse annually. The Correctional Facility Superintendent inputs information into the OPUS system and the NCDPS PREA Director obtains the data from this system relating to PREA. The NCDPS PREA Director implemented a data collection protocol and collects all data relating to PREA from the OPUS system. Requires information gathered to include information that answers, at a minimum, the Department of Justice Survey of Sexual Violence (DOJ-SSV).
