---

Chapter: M  
Section: .1800  
Title: Department of Public Safety  
Farm/Cannery  
Issue Date: 06/01/2020  
Supersedes: 04/01/2013

---

**.1801 LOCATION AND PURPOSE**

The Department of Public Safety Farm and Cannery Operations are located in Tillery, NC. Food products grown on the Department of Public Safety Farm are processed by the Correction Enterprises Cannery. The Cannery is inspected biannually by the North Carolina Department of Agriculture, Food and Drug Division.

The fresh egg production operation, also part of the Department of Public Safety Farm, is inspected routinely by the North Carolina Department of Agriculture, United States Agricultural Department and Food and Drug Administration.

The farm applies pesticides to various vegetable crops that are approved by the North Carolina Department of Agriculture. Pesticide application is monitored via inspections performed by the Environmental Protection Agency, Pesticide Division and North Carolina Department of Agriculture. All farm staff are certified pesticide applicators.
