Crime Victim Services

VOCA Victim Assistance and VAWA STOP
2022 Funding Priorities
Crime Victims Services Committee

The mission of the Crime Victims' Services (CVS) Committee is to advocate for victims by promoting the development of effective programs that improve the response of human service professionals and the criminal justice system to crime victims.
CVS Funding Priority Development

- **Staff Input**
  - Information to estimate the upcoming federal award amounts
  - Review of prior priorities, applications and amounts
  - Historical information about prior projects/agencies
  - Research from the field and other states

- **CVS Advisory Group**
  - Input from across the state
  - Innovations in the field

- **CVS Committee**
  - Reviews all information
  - Makes final recommendations to the Commission

- **An important factor for 2022 funds was the amount of federal funds estimated to be available.**
  - VAWA STOP – estimate is it will be similar to 2021
  - VOCA Victim Assistance – estimated is it will be the similar to 2021; however, there have been significant reductions between 2018 and 2021

All projects that begin 10/1/2022 will **not** be allowed to roll Year 1 surplus (unspent) funds from Year 1 to Year 2.

Certain attachments will now be uploaded to the agency’s Organization Documents section in GEMS rather than uploaded to the project.

- **Organization Documents** section in GEMS allows for upload of certain documents at the subrecipient level that can then be used for multiple applications

- Other attachments in the project will now **only** be those that are specific to the application project.

Several attachments have been eliminated!!!!!

Please review the application **closely** as several other small changes may be implemented by November 1st.

VOCA Requirements

- Agencies must demonstrate a record of effective services by having a **history of providing direct services**
- Agencies **must** provide documentation of substantial financial support from sources other than the Crime Victims Fund
- New victim services organizations must show financial capacity with **at least 25%** of the agency’s funding comes from other sources

Violence Against Women Act
The STOP (Services, Training, Officers, and Prosecutors) Violence Against Women Formula Grant Program (STOP Program) promotes a coordinated, multidisciplinary approach to improving the criminal justice system’s response to violent crimes against women.

STOP encourages the development and strengthening of effective law enforcement and prosecution strategies to address violent crimes against women and the development and strengthening of victim services in cases involving violent crimes against women.

STOP funding is restricted to services specific to domestic violence, dating violence, sexual assault, and stalking. Human trafficking victims who have been sexually assaulted or battered by an intimate partner can be served with STOP funds.

* $3,926,864 anticipated for project funding
The Office on Violence Against Women is interested in supporting the priority areas identified below. The GCC encourages applicants to develop projects that:

- Reduce violent crime against women and promote victim safety through investing in law enforcement, increasing prosecution, and promoting effective prevention.

- Empower victims to become survivors by growing them past their vulnerabilities to a place of self-sufficiency.

- Increase efforts to combat stalking.

- Address the specific challenges that rural communities face in responding to domestic violence, dating violence, sexual assault and stalking.
STOP Priority Service Areas

You will need to identify in your application ONE priority for your proposed project:

1) Victim Services
2) Law Enforcement
3) Prosecutors
4) State and Local Courts
5) Discretionary

- The courts allocation must be awarded “to” state and local courts.
- Decisions for law enforcement, prosecution, and victim services should be made based on the beneficiary of the funded activities.
Court Sanctioned Batterer’s Intervention Programs

- As per the North Carolina Administrative Code, programs must be certified by the N.C. Council for Women and Youth Involvement.

Primary and Secondary Prevention: No more than 5% of the State’s total STOP award may be used for this purpose.

- Primary prevention means strategies, programming, and activities to stop both first-time perpetration and first-time victimization. Primary prevention is stopping domestic violence, dating violence, sexual assault, and stalking before they occur.

- Secondary prevention is identifying risk factors or problems that may lead to future domestic violence, dating violence, sexual assault, or stalking and taking the necessary actions to eliminate the risk factors and the potential problem.
STOP Focus Areas

Culturally Specific and Sexual Assault
STOP Focus Area: Sexual Assault

- Projects assigned to the Victims Services, Law Enforcement, Prosecution and/or Courts Priority Service Areas are eligible to choose this focus area.

- Projects must have a sole and legitimate focus on sexual assault and personnel funded under the projects must have sufficient expertise and experience with sexual assault.
Only projects assigned to the Victim Services Priority Service Area are eligible to choose this Focus Area.

In order to be eligible, projects must be focused on working with racial and ethnic minorities as defined in section 1707(g) of the Public Health Service Act, which means:

• American Indians (including Alaska Natives, Eskimos, and Aleuts);
• Asian Americans;
• Native Hawaiians and other Pacific Islanders;
• Blacks; and
• Hispanic
STOP Focus Area: Culturally Specific

The organization **must** be a nonprofit, nongovernmental organization or tribal organization that serves a specific geographic community that:

- focuses primarily on domestic violence, dating violence, sexual assault, or stalking;
- has established a specialized culturally specific program that addresses domestic violence, dating violence, sexual assault, or stalking;
- has a primary focus on underserved populations (and includes representatives of these populations) and domestic violence, dating violence, sexual assault, or stalking; or
- obtains expertise, or shows demonstrated capacity to work effectively, on domestic violence, dating violence, sexual assault, and stalking through collaboration;
- is primarily directed toward racial and ethnic minority groups; **AND**
- is providing services tailored to the unique needs of that population.
Any projects funded utilizing STOP funds must meet one or more of OVW’s statutory purpose areas.

The GCC has identified thirteen (13) purpose areas that align with the State of North Carolina’s Implementation Plan and fill in funding/service gaps for the State.

See RFA for the 13 identified purpose areas.
